Constantinople Advices Assert That Force of Ten Thousand Left to Cover Retreat Has Been Surrounded.

## OFFENSIVE IS LAUNCHED BY GERMANS IN FRANCE

Berlin Claims Sinking of Ally Transport Off Gallipoli Loaded With Troops—Russians Repulsed, Vienna Claims, All Along the Battle Front in Galicia.

By Associated Press.

London, January 10. — Reports on the progress of the campaign in Mesopotamia are widely divergent. Constantinople advices to Berlin this morning declared the British army was retreating along the Tigris. On the other hand it was announced in the British House of Commons that after heavy fighting on both banks of the Tigris on January 9, the Turks were in full retreat with the British pursuing.

London, January 10. — The main British army in Mesopotamia is in retreat, according to advices from Constantinople sent to Berlin.

Ten thousand men are said to have been left to cover retreat, and the Constantinople advices advance the claim that this force has been entirely surrounded by the Turks.

The British, several weeks ago, fell back more than 100 miles down the Tigris river from the vicinity of Bagdad.

The Champagne district in France

is again the scene of an offensive movement, this time the Germans being the aggressors.

On the ground which the French gained in their September drive, the Germans have taken several hundred yards of trenches, capturing more than 400 prisoners, five machine guns and several mine throwers, according to the claims of Berlin. A French counter attack is declared to have failed.

Constantinople dispatches through Berlin claim the sinking of an allied transport filled with troops off the Gallipoli peninsula, as the entente forces were evacuating their positions there.

Vienna claims that the Russians on last Saturday ceased their attacks on the Galician front, after having been repulsed all along the line.

Sir Percy Lake has been appointed to command the British forces in Mesopotamia, in succession of General Sir John Nixon, who has been compelled by ill health to return home. It was announced in the House of Commons today.

The condition of wheat as compared with an average is 85 per cent. Last year it was 95 per cent.

Corn in the crib also is only 88 per cent this year, as compared with 96 per cent last year.

Wet weather is given as the cause for the poor showing of these two grains.

## TOWER OF LONDON SCENE OF MANY EXECUTIONS

When we read of the "Tower of London" we get the impression that it is a tower, which, as you see, it is not. It has witnessed the execution of two queens and other notables. Today spies are put to death there. Captain von Rintelen, German, indicted in the United States for plotting against our industries, is now a prisoner in the Tower.

## OUTSIDE AGENCIES ARE NOT BLAMED

Officials of Dupont Smokeless Powder Plant Assert No Claims That Explosion Was Work of Spies.

By Associated Press.

Philadelphia, January 10.—Three men were killed and a number injured in an explosion of smokeless powder early today at the plant of the Du Pont Powder Works, at Carney's Point, N. J.

It had been reported that a large number of men had lost their lives, but after an investigation the superintendent of the plant said there were only three dead.

The cause of the explosion is not known, but according to the superintendent there is no suspicion that the blast was due to outside agencies.

The report that arrests have been made were denied.

## FOURTH REGIMENT IS ORDERED HOME BY GEN'L HOUGH

Conditions in Youngstown Very Much Improved and Prospects For Outbreaks Are at an End.

## TWO REGIMENTS REMAIN TO PRESERVE PEACE

Gradually the Workmen Are Returning to Work in the Steel Plants.

By Associated Press.

Columbus, January 10.—In ordering the Fourth Regiment, Ohio National Guard, home from Youngstown this afternoon, Adjutant General Hough said the Fifth and Eighth regiments would be left until tomorrow, at least.

The Fourth Regiment, commanded by Colonel Byron L. Barger, of Columbus, should reach Columbus early this evening, General Hough said, and companies would be transported to their respective homes immediately.

The regiment did not reach the actual riot scene, having been stopped at Berlin Center, west of Youngstown, and kept there ready to be rushed to Niles, Girard or Warren if trouble should develop among strike sympathizers in those localities.

Columbus, O., January 10.—Conditions of peace at East Youngstown where rioting steel mill strikers created havoc last Friday, reported today to Adjutant General Hough, made him consider the withdrawal of part of the 2,000 state militiamen there today.

The Fourth regiment, located at Berlin Center nearly 30 miles southwest of Youngstown, will be withdrawn first, it is said.

Orders to this effect were expected today by National Guard officers, although General Hough was not ready this morning to announce what he would do.

Youngstown, January 10. — The grand jury today began an investigation into the rioting at East Youngstown Friday night.

More than 200 men have been arrested and a majority of these will be held pending the outcome of the probe, which will be made under the direction of A. E. Henderson, prosecuting attorney of Mahoning county.

The gates of the Youngstown Sheet & Tube Company's plant, which has been tied up because of a strike of laborers, were reopened today and preparations are being made to resume operations soon.

Many former employees returned for duty and were at once put to work. The exact number to return has not been made public.

The furnaces are still banked but workers were assigned to cleaning up and making repairs. No disturbances were reported.

Both regiments of the Ohio National Guard which have been quartered on mill property since their arrival early Saturday, were removed last night. For the present they will continue to occupy their trains near the plant, but will be moved to quarters in other parts of this city and East Youngstown as soon as arrangements can be made.

Fred C. Croxton, mediator sent here in an effort to settle the strike, continued his conferences with representatives of the companies and employees today.

Mr. Croxton conferred yesterday with James A. Campbell, president of the Youngstown Sheet & Tube Company. He also plans to discuss the situation with T. J. Brady, of the Republic Iron & Steel Company, whose employees are also on a strike.

Announcement was made at the headquarters of Brigadier General John C. Speaks this afternoon that the Fourth Regiment, which has been stationed at Berlin Center, has been ordered home.

The regiment, which is composed of companies from Columbus and Central Ohio, will depart at once.

Owners of saloons in Youngstown today asked Mayor Thornton for permission to reopen but the request was denied. The saloons were closed Saturday morning.

Additional workmen continued to report for duty at the plant of the Youngstown Sheet & Tube Company this afternoon. According to militia officers in command in the neighborhood of the plant, between 600 and 700 men returned to work. The plant employs normally more than 9,000 men.

The company announced this afternoon that three departments had been reopened. Others will be placed in operation tomorrow.

District Attorney Henderson made public a letter received by him from Governor Frank B. Willis, in which the state executive asked that an investigation be made into the causes of the strike and Friday night's riot.

Many witnesses were examined by the grand jury during the morning. A report will probably be made late this week, according to the district attorney.

## HOLD CONFERENCE

By Associated Press.

Washington, January 10.—Count von Bernstorff, the German ambassador, and Secretary Lansing had another conference today concerning the Lusitania negotiations. Both agreed that the conference should be confidential.

One more conference is arranged for this week, and it is believed that at this meeting the long controversy over the Lusitania will be settled.

## POLICEMAN CONFESSES TO AUTO TRAGEDY

Chief Carter Hears Story of Man Who Had Become Nervous Wreck.

By Associated Press.

Columbus, O., January 10.—After keeping secret for two days the fact that he was in the automobile which killed Bertrice J. Arnold, 19, Friday night, Policeman R. W. Murray, 26, is said to have called at the home of Chief of Police Carter late last night and made a confession.

The officer was almost a nervous wreck as he told his story.

Following his confession, F. W. Renner, a garage owner who is said to have been the driver of the car which killed Arnold, was arrested.

## SHERLEY LAW IS UPHELD

## WON'T STAY SETTLED

Columbus, O., January 10.—Governor Willis and Attorney General Turner again gave consideration today to the film play whose exhibition in Ohio was forbidden for a second time last week by the State Board of Censors on the ground that it might create race prejudice.

The film was again shown in the board's private exhibition room.

Joseph W. Heintzman, Cincinnati attorney representing the film corporation which produced the play, is preparing to file an injunction suit in the federal court late today, unless the film board reverses its decision.

# SUNDAY FIRE DESTROYS WHITE OAK M. P. CHURCH

Flames Start in Basement of Church Near Buena Vista and Structure and Part of Fixtures Fall Prey to Fire—Structure Will Be Rebuilt

White Oak Methodist Protestant church, located a half mile north-west of Buena Vista, was completely destroyed by fire of an unknown origin, beginning about 2:30 Sunday afternoon.

The fire started in the basement, gained a foothold between the plastering and weatherboarding and broke through the roof within a few minutes' time.

Will Patton, who resides nearby, discovered the fire and with the aid of other neighbors rushed to the church and by hard work removed the piano and part of the fixtures before the rapidly spreading flames forced them to flee for their lives.

The fire started near the base-

ment door and entirely away from the furnace.

White Oak church was erected in 1857 and was a handsome frame structure. It had been remodeled and was in good condition. Insurance to the extent of \$3,000 on the building and fixtures was carried by the society, which has been plunged into deep gloom by the destruction of the place of worship. Services had been held in the church a few hours before the fire broke out.

The official board is composed of Rev. G. H. Harper, William and Dave Patton, Ben Coffey, Noah Aiken and Will Crabbs, and a meeting was called for Monday afternoon with a view to taking steps at once to rebuild the church.

Already many persons have pledged themselves to help rebuild, one man, not a member of the church and not wealthy, offering \$100.

Others have shown an equally liberal disposition, and it is expected that the new building proposed will be financed within a reasonable time.

## HARTMAN THEATER

Columbus, Monday, Tuesday and Wednesday, January 10, 11 and 12—Matinee Wednesday.

Jefferson de Angelis in "Some Baby"

"Some Baby," one of the most laughable farces seen in New York during the present season, comes to the Hartman Theater, Columbus, for an engagement of three days, commencing Monday evening, January 10th, with a matinee Wednesday.

It is one of the funniest farces seen in years, the three acts being brim full of ingenious situations revolving about the search for the Elixir of Youth by an eccentric old Professor. Jefferson de Angelis appears in this role of the old scientist, who really believes that he has found the rejuvenating liquid. The belief is founded on the seemingly remarkable happenings which begin to occur when two of the characters in the play take some of the elixir.

The doctor and his two assistants are driven nearly to desperation through the belief that they have administered an overdose of the elixir, with dire results.

"Some Baby" is "some play," presented in "some" style, by "some" cast. Mr. De Angelis is the chief fun-maker, in the production, but the members of his company all do their part in making the play one of the best to be seen here this season.

Thursday, Friday and Saturday, January 13, 14 and 15—Matinee Saturday. Mrs. Patrick Campbell in "Pygmalion."

One of the most notable engagements of the entire present season will be the appearance at the Hartman Theater, Columbus, on Thursday, Friday and Saturday, January 13, 14 and 15, of the distinguished English actress, Mrs. Patrick Campbell.

## PEACE CONFERENCE CALLED

Efforts to Settle Strike of Mill Laborers Inaugurated by the State Board of Mediation—Austrian Prisoners Said to Have Admitted Implication in Plot Against the Big Mill—Developments of the Day.

Youngstown, O., Jan. 10.—Unless something unforeseen develops the Fourth Ohio regiment will return to Columbus this afternoon. The regiment has been in Berlin Center and did not come to Youngstown.

Probes by both federal and Mahoning county authorities into mob violence at the plant of the Youngstown Sheet and Tube company last Friday night, when two persons were killed, many wounded and \$1,000,000 worth of property destroyed, took a sensational turn when County Detective Kane said two Austrians in the county jail here have made confessions in which they are quoted as saying they were sent here from New York to start the strike, so as to prevent the manufacture of war munitions for the allies. The men are Dan Fleck and John Brisky.

"It would be useless for us to attempt to operate our plant while some of the workers are in their present frame of mind," J. A. Campbell, president of the Youngstown Sheet and Tube company, said, discussing strike conditions. "We do not need any protection for ourselves, but we want to have our workers and their homes protected. Brigadier General Speaks has informed us that he will remove the national guardsmen from our plant. It was never intended that they should be quartered there. We will not import strikebreakers. I am confident that outside influences were responsible for the shooting. We have been making war munitions, and

when we started many of the Austrians in our employ refused to work. They may have seized the opportunity of assisting in this trouble by inciting the other men."

Over 400 persons were taken into custody in East Youngstown by soldiers and deputy sheriffs, and the officials are in a quandary as to where the prisoners are to be kept. Officers placed prisoners in the fire engine house, where they were herded like cattle. Soldiers with fixed bayonets were stationed outside the municipal building to check any attempt at jail delivery.

Movements toward settlement of the strikes at the Youngstown Sheet and Tube company in East Youngstown, and in Struthers and the Republic Iron and Steel company in Lansingville, where 18,000 men are idle, less than 5,000 of them on strike, featured the day. Peace plans outlined by Governor Willis were launched by Fred C. Croxton, chief of the state mediation board, whom the governor sent here from Columbus. The first meeting to settle the strike called by Croxton probably will be held this evening, at which will be invited representatives of the companies and the strikers.

Thousands of dollars' worth of plunder taken from buildings, later fired and destroyed by the mob, Friday night, has been recovered. All saloons ordered closed Friday night remained closed today.

## Mahoning County Liable.

Columbus, Jan. 10.—That Mahoning county is liable for damages for loss of life or bodily injury growing out of the strike riot at Youngstown is the opinion of officials here. Property losses, however, can not be collected, except by suits against individual offenders. There is an Ohio law, sections 6278-89, which provides that a county may be sued for the loss of life or bodily injury growing out of the action of a mob.

Home Missionary Tells How She Restored Her Strength.

"I am a Home Missionary, was weak and run-down after a hard spell of LaGrippe. I had headaches, indigestion and pains in my chest, and was tired all the time. The reason Vinol was so successful in building up Mrs. Johnson's health is because it is a constitutional remedy which contains peptonate of iron to enrich and revitalize the blood, the nourishing properties of beef peptone and the healing medicinal extractives of fresh, healthy cods' livers, all combined in a delicious native tonic wine, without oil.

The Youngstown Riots

While the people of Ohio had known, for some days prior to the outbreak of rioting, that there was a serious difference between employers and employees in the big steel mill, nevertheless the magnitude of a veritable reign of terror of Friday night in East Youngstown came as a decided shock.

The state authorities when called upon by the officials of Mahoning county for assistance acted with wisdom in mobilizing and sending at once to the scene of the disturbances a sufficiently large body of troops to awe the rioters and compel respect for law and order.

Too often a mistaken idea of economy causes state officials to send a mere handful of militia with the result that attack is invited and the rioters incensed. That invariably means more expense in the end, more rioting and more bloodshed.

The mobilization of the regiments called to service was accomplished in a remarkably short time and was a splendid tribute to the efficiency and "preparedness" of the state troops.

The disturbances were quieted and order restored in a surprisingly short time considering their extent and their character.

As is usual in such cases, the work of destruction was conducted, largely, and directed almost entirely, by irresponsible who had no real cause of grievance and no interest in the labor troubles.

East Youngstown is a boom town, at the edge of the city proper, made up principally of a low class of foreigners and nondescripts from everywhere and nowhere, attracted by the probability of work in the busy steel mills. The inhabitants for the most part had little or no interest in the city or in any other for that matter. They were, the majority of them, the typical enemies of organized society, voluntarily without the pale of law and order, discipline or restraint of any kind. That is clear from the fact that in the city of East Youngstown which according to its population should have two thousand voters, cast less than three hundred votes at the last election.

The President's Friend in England

Colonel E. M. House, the personal representative of President Wilson, is once more in Europe announced on a tour of inspection and investigation.

On Saturday Colonel House saw Sir Edward Gray, the British minister of foreign affairs and spent some time in conference with that eminent statesman. The subject matters discussed are not, of course, announced to the public and for that reason the public proceeds to indulge in some very interesting speculations and some of the individuals who hold a very high respect for their guessing powers, announce, as a fact, that the foundation was laid for the opening of peace negotiations.

It is quite likely, however, that Sir Edward Gray and Col. House did not discuss, directly, Great Britain's attitude on the matter of peace proposals. It is improbable, too, that Colonel House made any direct offer of services to bring about peace. Gathering facts regarding actual conditions in Europe rather than offering any nation assistance, in changing conditions, with the purpose of making a report directly to the president, is about the limit of Col. House's mission and power.

The visits of his close personal friend to European capitals serves to keep the president fully and accurately advised and also to keep ever in the forefront with the warring nations the knowledge that when the time comes this nation is ready to assist.

The frequent missions of Col. House tend to break down the barriers of form and keep this nation constantly in a position where its services, in the effort to restore peace, are available.

Sunny September

Now days we are provided with statistics on almost every subject. It is a time when the fact and figure gatherers are particularly busy. Then too the later day statisticians have a way of arranging their data so as to make its presentation pleasing and its perusal interesting as well as instructive.

While facts and figures as to past weather conditions furnish little or no assurance for future weather conditions, while we all know that about the only thing we do know about the weather of the future is that it will not come to the predictions of the weather bureaus, yet there are perhaps no statistics referred to so often and no predictions watched for with so much genuine interest as those which are based upon weather conditions.

It is interesting to know that the month of September last year gave us more sunshine than any other month in the year. Just why that should be of interest no one can explain, because the chances are that next September will not duplicate the gift.

October was the driest month, August the rainiest, December gave us the greatest number of cloudy days.

All of it very interesting, but not of much real practical use.

Poetry For Today

THE SECRET OF THE SEA.

Who knows the mighty secret,  
The secret of the sea  
I love its beauty passing well,  
I love the thunder of its swell  
I love the glory of its play,  
The glitter of its feathery spray,  
But its secret is hid from me.

Who has the mighty secret?  
Never a mortal knows  
By the shells alone is the riddle read  
As they lie deep down in their coral bed  
In the depths of the seaweed forest brown,  
Where the August sunshine quivers down,  
And the great tide comes and goes.

They know the mighty secret;  
They are cast upon the sand;  
We gather them up from the creamy foam.  
We bear them away to our island home,  
As relics of happy seaside days,  
We bear them to dwell where the soft breeze plays  
Over the flowery land.

They know the mighty secret;  
We hold them to our ear,  
We hear the mystical sound again,  
We hear the voice of the restless main,  
We know the long monotonous roar,  
As the billows break on the rugged shore;  
But that is all we hear.

—Susan K. Phillips.

Napoleon on Horseback.

Extraordinary were the precautions taken that Napoleon should never appear at a disadvantage on horseback. The emperor was not a first class horseman, and his horses were always thoroughly broken in. Here is a description of the methods employed: "They were trained to remain perfectly steady under tortures of every description; to receive blows about the head; drums were beaten, pistols and crackers fired in their ears, flags waved before their eyes, clumsy packages and sometimes even sheep and pigs were thrown between their legs. None of the animals were deemed sufficiently trained till the emperor could without the least difficulty pull them up short at full gallop, which was his favorite pace."—London Chronicle.

"I have many splendid theories on the art of bringing up children."  
"Have you, indeed?" said she. "I have no theories."  
"No theories on the proper way of training little ones?"  
"No theories," was the reply. "Just three children."—Detroit Free Press.

IN FAVOR OF CONSCRIPTION.

America Should Adopt System, Says Harriot Stanton Blatch.

Washington.—Mrs. Harriot Stanton Blatch, president of the Woman's Political Union, favors conscription. She says:

"I am of the opinion that America should adopt the only democratic national defense possible—conscription. "I would have conscription on a plan somewhat similar to that enforced in Switzerland at the present time—an enlistment of two months at first, to continue for shorter periods each year—a system that would harmonize all sections of our country. In my opinion we want to be made a much more homogeneous people, and therefore those that enlist from the east should be sent to the west and those from the south sent to the north, and a perfect understanding would be brought about between various sections.

"This conscription imposed upon men should also be obligatory for women, who as citizens, but not as soldiers, should know how to efficiently do their share in coming to the aid of their country in time of calamity.

"Girls should be forced to train in various departments of the civil service, in the postoffices, in all the municipal departments, and to women I would apply the same ideas as to the men—that is to say, send them to various parts of the country, so that they may get a wider knowledge of their home land."

Calf Without Legs or Tail.  
Hickman, Ky.—C. G. Higgs, a farmer near here, says that one of his cows gave birth to a "calf and a half," or two calves. One is perfectly normal in every respect, while the other baby bovine was minus legs and tail. Its head and body were of normal size. The "half calf" died, of course.

Mistakes.  
Let not your mistakes and false steps embarrass you. Nothing is so valuable in experience as the consciousness of one's errors. This is one of the cardinal reasons of self education.

DON'T ASK FOR APPLE PIE IF YOU'RE INDIAN

Chippewa Word Takes 46 Letters and 18 Syllables.

Carlisle, Pa.—When one realizes that if a Chippewa Indian boy has to ask his mother for a piece of pah-tah-meh-she-mah-ske-ne-si-gah-ne-we-ko-bay-kwa-she-gan when he wants apple pie it may be understood that the seemingly cumbersome names carried by many of the Indian students at the Carlisle school are really not so burdensome to the redskin as would first appear.

Among names on the Carlisle roster of students are such as Katie Osterman-horses, Nancy Kicks-the-iron, Frank Smells-the-log, Edward Dis-mount-twice, Delph Essen-to-hate, Flora Well-known and Henry Knocks-off-two.

The longest name on Carlisle's list of students is Owen Wootthakewabity and the shortest Jo Dog.

That odd names have not entirely passed away is evidenced, for instance, by the following names taken off the students' roll, being surnames, having reference to parts of the human body: No-shin-bone, Spread-handa, Short-neck, Eye-lash, Silver-heels, Roman-nose, Red-neck, Mumble-head, Yellow-kidney, Yellow-face, Wounded-eye, White-face, White-head, Powder-face and Two-hearts.

There is a scattering of popular names at Carlisle, including such names as Abe Lincoln and David Copperfield.

BIG MONEY IN JUNK.

Oregonian Firm's Report Shows \$23,000 Was Made In Eight Months.

Eugene, Ore.—The junk dealer's job isn't such a bad sort of occupation, according to the statements of one Eugene junk firm that shipped its eleventh carload of junk collected in and around Eugene in the past eight months. The shipment went to Seattle.

Two men with a rickety wagon have done this collecting, and the results have included eleven tons of rubber, nine tons of brass and thirteen tons of copper and other metals. Receipts were more than \$23,000.

FINDS \$610 IN TIN CAN.

While at Play Bloomington (Ill.) Boy Unearths Treasure.

Bloomington, Ill.—George Chamberlin, a boy, while playing near an old barn in Strator, unearthed a tin can which contained \$610 in gold and bills.

The property was turned over to the estate of Mrs. Alice Riley, who was the owner of the property. As Mrs. Riley is dead and no one has claimed ownership, the finder has entered suit to recover the treasure.

St. Louis.—A claim of 20 cents against the Mullanphy bank was presented in Circuit Judge Kinney's court by Gottlieb Kling, who declared that the money had been due him since the bank went into the hands of a receiver in 1895.

United States Senator Stone, receiver for the bank, was present to listen to claims presented in order to make a final settlement. Three claimants appeared. They were Kling, Mrs. Christina Meyer, who claimed \$3.02, and Mrs. Mary Schwartz, who claimed \$62.08.

Climbing Down.

Macarty applied for a job as a builder's laborer and was asked by the foreman what experience he had. "Sure," said the applicant, "ye don't need any experience for hard work at all, at all." "Oh, but I want to know," said the foreman. "If you've been used to going up a ladder." "That's all right," replied Jerry; "you'll have nothing to complain about, sure Oi can mind the first time Oi went up a ladder. It was down a well."—London Mail.

# ACTIVE CAREER ENDED DEATH ANGEL SUMMONS HON. HUMPHREY JONES

Lawyer, Capitalist, Landowner  
and Man of Large Affairs Died  
at Grant Hospital, Columbus,  
This Morning.

HAD APPARENTLY RALLIED  
FROM OPERATION SATURDAY

Large Business Interests Will  
Not Be Inconvenienced By  
Death as Arrangements Pro-  
viding for Contingency Were  
Long Since Made.

With an unexpectedness that was  
stunning, in the gray dawn of Mon-  
day morning, the wires brought the  
news from Columbus to this city and  
to his home in Bloomingburg that  
Hon. Humphrey Jones had answered  
the eternal summons, at Grant Hos-  
pital, his death at 3:20 a. m. Mon-  
day following an operation perform-  
ed Saturday noon.

For the past two years Mr. Jones  
has been in poor health, a very pain-  
ful stomach trouble demanding the  
operation of Saturday. He seemed  
to rally from it nicely and on Sun-  
day was his usual cheerful self,  
seeing his friends and thought to be  
on the high road to recovery.

His wife and sister, Dr. Emma  
Jones McCormick of Columbus, were  
with him during the operation and  
to the end.

In the death of Mr. Jones Fayette  
county and her county seat loses  
one of her most prominent and wide-  
ly known residents. A lawyer noted  
for his remarkable mental acumen  
and a man who attained wide recog-  
nition in his profession; a well  
known banker, capitalist and land-  
owner, who reaped the reward of his  
mental qualifications and steady ap-  
plication to business in rounding  
out a most successful business career,  
in the esteem of the community.

Mr. Jones owned 3,000 acres of  
land in this county, probably 2,000  
in Indiana and 1,600 to 1,800 acres  
in Logan county and has been one  
of Fayette county's foremost farm-  
ers in improving methods of farm-  
ing and stock feeding. Some four-  
teen years ago he conceived the idea  
of building silos for use in stock  
feeding operations and erected sev-  
eral very large concrete silos on his  
lands. These silos are believed to be  
the first in the United States built  
on any considerable scale for feed-  
ing purposes.

Mr. Jones has also been a strong  
advocate of thorough tile ditching  
and soil rebuilding, greatly increas-

ing the productiveness of his farms.  
He was one of the largest stock  
holders in the P. & D. Bank and  
served efficiently as its president  
since its reorganization in 1895.  
Always taking an active interest  
in public affairs, Mr. Jones was po-  
litically very independent in thought  
and action.  
He was a member of the Ohio Con-  
stitutional Convention of 1912, and  
one of the most prominent members  
of that body, taking an active part  
in all of the important deliberations.  
He was active in debate and regard-  
ed as one of the leaders and most in-  
fluential figures.

It was in connection with the  
proposal to amend the Ohio consti-  
tution so as to permit the enactment

of a land registration law that Mr.  
Jones was particularly active. The  
adoption of that amendment by the  
convention, in face of vigorous oppo-  
sition of large title guarantee com-  
panies, was attributable, in a great  
measure, to Mr. Jones' activities and  
logic in debate. In the campaign  
which followed he was also an ac-  
tive participant, traveling to all parts  
of the state and meeting with the  
commercial organizations of the  
larger cities. After the adoption of  
the amendment by the voters, came  
the task of preparing the law and  
urging its adoption by the legisla-  
ture. The enactment by the legisla-  
ture of Ohio in 1913 of the "Torrens  
Land Title Law" was the culmina-  
tion of Mr. Jones' activities in behalf  
of a simpler method of recording  
and transferring title to real estate.

Later, during the last session of  
the legislature, Mr. Jones was called  
upon to defend the law against at-  
tack of those who were determined  
to secure its repeal. Again he was  
successful.

There is no doubt that the tre-  
mendous labors performed by Mr.  
Jones in behalf of the law from the  
beginning to the end was a great  
strain upon his weakened condition.

Mr. Jones was of Welsh descent,  
born in 1857, and reared on the  
paternal homestead near Jefferson-  
ville. He was admitted to the bar  
after two years' study in the law of-  
fice of the late Hon. Mills Gardner.

In 1888 Mr. Jones was united in  
marriage to Miss Laura B. Willis,  
of Bloomingburg, who survives him.  
He also leaves two brothers, Wm.  
Jones of Sullivan, Ind., Cary Jones  
of London; and three sisters, Dr.  
Emma McCormick of Columbus; Mrs.  
Luther M. Irwin and Mrs. Dallas  
Reading of Jeffersonville.

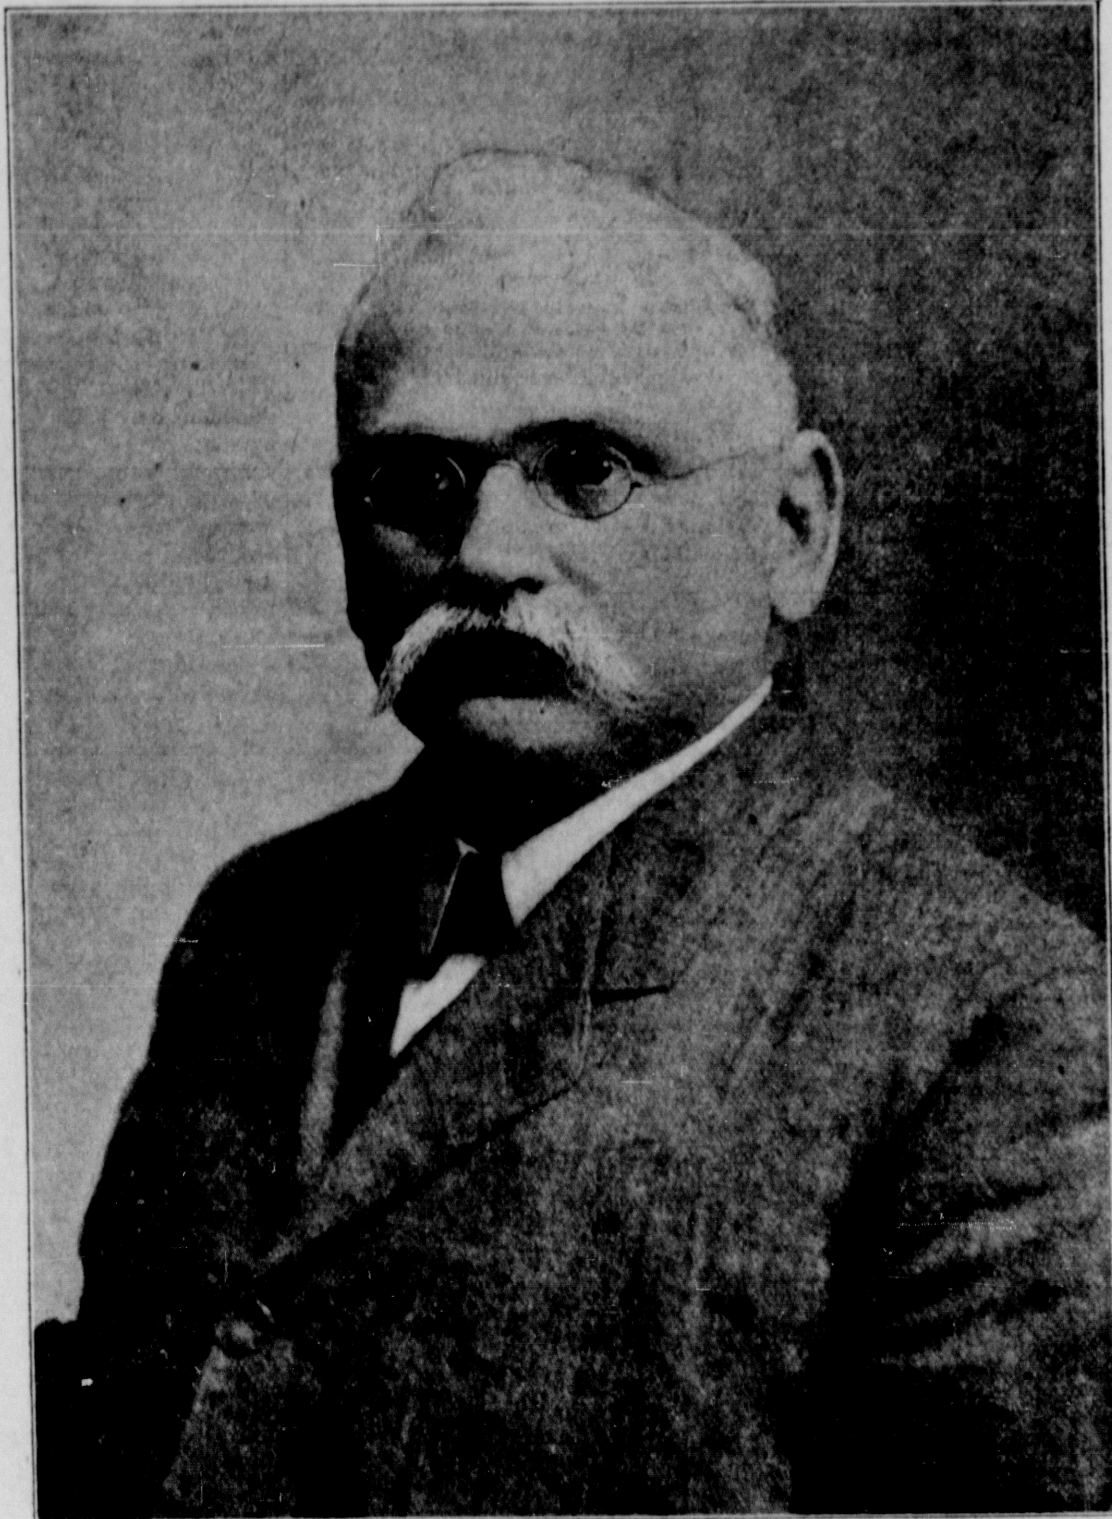

Mr. Jones was a member of the  
F. & A. M. lodge and of the K. of P.  
lodge of Bloomingburg and of the  
Washington B. P. O. E. No. 129.

Although Mr. Jones was too de-  
voted to business interests to enjoy  
much social life, he was always  
markedly genial and cordial with  
his friends. He was a great lover of  
music and himself handled the violin  
with much skill, having a collection  
of fine old violins which he treasur-  
ed.

The remains arrive from Colum-  
bus at the home in Bloomingburg  
Monday evening on the 6 o'clock  
train, accompanied by Mrs. Jones,  
Dr. McCormick and Mr. Wm. Jones  
of Sullivan, Ind.

Realizing for several years his  
serious condition, Mr. Jones, with a  
thoroughness characteristic of his  
whole successful life, made complete  
and detailed arrangements which  
will prevent any inconvenience to  
any of the large business interests  
with which he was identified.

Funeral arrangements have not  
yet been decided upon; announce-  
ment will be made tomorrow.

HON. HUMPHREY JONES.  
Lawyer, Capitalist, Landowner, is Dead.

## BARNS BURN DURING NIGHT

Large Barn Filled With Hay, Des-  
troyed on the Ad Duff Farm,  
East of This City, and An-  
other Owned By Joe Woods on  
Jamestown Pike.

Two large barns within a few  
miles of this city, fell prey to the  
fire fiend during Sunday night. A  
barn on the Ad. Duff farm on the  
Hess road in Marion township burn-  
ing about 9:00 p. m., and another  
on the Joe Woods farm on the  
Jamestown pike, burning early Mon-  
day morning.

The barn on the Duff farm con-  
tained a large quantity of hay,  
harness and grain. A horse and two  
buggies owned by Ira Clemens, who  
resides on the Duff farm, comprised  
the only property rescued. The fire  
was of mysterious origin, but one  
theory is that a spark from the  
chimney of the residence was car-  
ried to the barn by the strong wind  
which was blowing at the time.

A barn on the same foundation  
was burned to the ground some sev-  
en years ago. The structure which  
burned Sunday night was insured,  
but the loss will greatly exceed the  
insurance. The owner of the barn,  
who has been ill of pneumonia for  
some time, was unconscious at the  
time the structure burned.

The barn owned by Mr. Wood  
caught fire just before daylight  
Monday morning, and was quickly  
destroyed, the wind fanning the  
flames furiously.

## ELOQUENT SERMONS LAUNCH CAMPAIGN

The evangelistic campaign of the  
First Baptist church was splendidly  
launched Sunday, with large congre-  
gations at both morning and evening  
services.

Dr. Wm. J. Cambron is a truly re-  
markable speaker, combining a schol-  
arship with spirituality and force.  
At both services he proved his rare  
ability and held his audiences in  
rapt attention.

The morning sermon was a mag-  
nificent effort on the subject "Christ  
Seeking."

The evening theme was "Inciden-  
tals and Essentials." Let man look  
after the incidentals, God will take  
care of the essentials; man look af-  
ter the natural, God will look after  
the supernatural.

The son, "Billy" Cambron, was  
greatly enjoyed as song leader and  
fine baritone soloist.

The illustrations were particu-  
larly apt and forceful.  
Services will be continued each  
night this week.

## COLLAR BONE BROKEN IN ACCIDENT

Starting home from the M. E.  
church in Good Hope Sunday night,  
in a storm buggy, Mr. John King,  
Dwight Winkle and Eldrid McKin-  
ny collided with a buggy coming  
from the opposite direction. Mr.  
King saw the buggy coming and  
turned out as far as possible, but  
the street was very dark and the oc-  
cupants of the buggy failed to  
see Mr. King's rig.

The shaft of the King buggy  
caught in the shaft of the other  
buggy, overturning the storm front.  
Mr. King escaped unhurt, but young  
Winkle, son of Mr. Elias Winkle,  
suffered a broken collar bone and  
Eldrid McKinney a cut on the fore-  
head.

Both buggies were slightly dam-  
aged.

## ANTI-HORSE THIEF ASSOCIATION ELECTS OFFICERS FOR YEAR

At the regular annual meeting of  
the Fayette County Anti-Horse  
Thief Association, Saturday at the  
Memorial Hall, the following officers  
were chosen for 1916:

President, Frank E. Haines; vice  
president, A. W. Clouser; secretary,  
J. M. Hartman; treasurer, Elba Wil-  
son; trustees, Tasso Post, Clark Post,  
Frank James, A. C. West, E. S. Sei-  
bern.

The association has had several  
cases of thievery the past year and  
has been very successful in their  
capture. As they have plenty of  
money in their treasury the dues  
were remitted for 1916. They also  
raised the amount of reward to be  
offered for capture and conviction  
of thieves other than horse thieves  
to \$50. They now have nearly 200  
members and are doing good work  
in ridding the county of thieves. Ev-  
ery farmer in Fayette county should  
belong.

## MRS. THOS. LEACH BURIED MONDAY

Mrs. Thomas Leach, mother of  
Mr. John Leach, and Mrs. Cory of  
this city, died Saturday at her  
home near Xenia and was buried in  
the family lot at the Milledgeville  
cemetery, Monday morning.

Mr. and Mrs. John Leach were  
called to Xenia the last of the week,  
remaining for the services.

## FINE RETURNED TO THE DOCTOR

The fine of \$13.90 assessed by  
Mayor Oster against Dr. Woodman-  
see, for having his machine standing  
in front of his office with no tail  
light burning, was returned to Dr.  
Woodmansee's attorney, J. D. Post,  
Saturday night.

Attorney Post asked for a return  
of the fine when he found no record  
of a charge having been made  
against the accused.

## JIMTOWN CRACKS HERE WEDNESDAY

The crack Jamestown representa-  
tive basketball five is due here for a  
game Wednesday night, against the  
local Y. M. C. A. squad at the "Y"  
gym.

The Jimtown bunch has a record  
not unknown to local fans, but those  
who saw the Washington team lay  
it over the Springfield Triangles a  
week ago to the tune of 42 to 23,  
are disposed to think that the Greene  
county aggregation is up against the  
real thing.

The local team will be selected  
from the following list: Schlabach,  
Hayes, Johnson, Peterson, Kier,  
Hard, Garber, H. Smith, P. Smith.

## OHIO'S GREAT NEED SHOWN IN LECTURE

Dr. Robert Pugh, secretary of the  
Home Mission Board of Ohio, gave  
insight into the wonderful opportu-  
nities and needs of this great field  
in two interesting addresses at the  
Presbyterian church Sunday.

The church was crowded in the  
evening, when Dr. Pugh illustrated  
his lecture with stereopticon views,  
using the machine that was the gift  
of the Presbyterian Sunday school  
of this city last year. John Crayton  
Griffis operated the machine.

These views, showing foreign set-  
tlements and the conditions in large  
and small cities as well as rural com-  
munities, made doubly clear the call  
for Home Mission work in this state.

## HIP BROKEN WHEN HORSE FRIGHTENS

George Ackley, of this city, was  
seriously injured while driving along  
Water street, Sunday morning, when  
his horse took fright at an automo-  
bile and leaped over the embank-  
ment, overturning the cart upon  
which the man was riding.

Mr. Ackley was rushed to the  
Fayette Hospital, where it was  
found that he had sustained a fract-  
ured hip. He later was removed to  
his home, and has been suffering  
greatly from the injuries.

## DRAIS IS GIVEN SEVERE DRUBBING

According to information from  
Derby, Roy Drais, formerly of this  
county, was given a very serious  
drubbing by a crowd of "friends"  
Saturday night, because, it is al-  
leged, Drais had passed several  
worthless checks upon members of  
the crowd and they pummeled him  
so unmercifully that Drais is said  
to be confined to his bed at the  
present time.

He suffered gashes about the head  
and face and was pummeled until  
his face and body were badly bruise-  
d. It is understood that arrests  
will be made.

## BAR MEETS AND NAMES COMMITTEES

The Fayette County Bar met in  
the Common Pleas Court room, Mon-  
day afternoon at one thirty o'clock,  
and committees were named on ar-  
rangements for the funeral of Hon.  
Humphrey Jones, one of the leading  
members of the Fayette Bar, and an-  
other committee was named to draw  
up resolutions on the loss of Mr.  
Jones from the Bar.

Attorneys Post, Maddox and Chaf-  
fin were appointed committee on ar-  
rangements, and Attorneys Bush,  
Rogers, Hitchcock, Nye Gregg and  
Creamer, the committee on resolu-  
tions.

The last named committee is to re-  
port at a meeting Tuesday afternoon.

## UMBRELLA PRESENTED TO HEAD OF CLASS

As an indication of the deep re-  
gard entertained by the men of the  
Mills Gardner Men's Bible Class of  
Grace church, for the president of  
the class, Judge T. N. Craig, who re-  
cently was chosen superintendent of  
the Sunday school, a handsome um-  
brella was presented to Judge Craig,  
at the Sunday morning session of the  
class.

Attorney W. B. Rogers, in a very  
neat speech, tendered the gift, and  
Judge Craig replied in words of ap-  
preciation and thanks.

# ALLIES RETIRE WITHOUT LOSS

Abandon Campaign Against the Dardanelles.

ALL POSITIONS EVACUATED

One Hundred and Fifty Thousand Men Killed or Wounded in the Futile Attempt to Force the Straits. Turks Report Disaster to the Anglo-French Troops—Germans Regain Positions in the Vosges.

London, Jan. 10.—It is officially announced that the campaign against the Dardanelles has been abandoned. The position at the tip of the Gallipoli peninsula which were retained when the British troops left Suvla bay and Anzac cove on Dec. 19 have now been evacuated. Not a British or French soldier now remains on the peninsula, where more than 150,000 allied soldiers were killed or wounded since April last in futile attempts to force the Turkish lines.

The evacuation of the last allied positions was effected, according to the official announcement, with the loss of one British soldier wounded, the French suffering no casualties. This appears to have been an even more remarkable exploit than withdrawal from the Suvla bay and Anzac positions, where the official statement

said the losses incurred were "insignificant."

Renewed activity of various kinds noted by the Turkish official communications in the past few weeks, has presumably been in the nature of preparations for the final act of the Dardanelles tragedy. The Turkish official report covering the period from Thursday to Saturday, records increasing effectiveness of the reinforced Turkish batteries, which have been drawing in and concentrating on the allies' remaining positions.

According to Turkish reports the Turks compelled the abandonment of the allied positions after a violent battle in which the British suffered great losses. Reuter's correspondent at Amsterdam forwards a semi-official report from Constantinople saying that the Turks claim the capture of a great enemy camp and nine guns and the sinking of an enemy vessel with troops.

On the west and east fronts there have been no reports of large developments. The German communication says that the Germans have completed the recapture of positions on Hartmanns Weiler Kopf, taken by the French a few days before Christmas. Nearly 2,000 prisoners and fifteen machine guns were taken.

Greek correspondents continue to assert that the Bulgarians and Germans are hastening plans for an attack on Salonica. But the Austrians are fighting hard against the Russians and Montenegrins, and the Bulgarians are largely occupied in a resolute attempt to reach the Adriatic, from which they are only forty miles distant, at El Bassan, Albania.

# AGREEMENT NOW SEEMS TO BE LIKELY

Central Powers and United States Getting Together.

Washington, Jan. 10.—Convinced of the good faith of both Germany and Austria in their willingness to keep their submarine warfare within the bounds of international law, state department officials expressed confidence that within a reasonably short time Germany will make the final move necessary for a complete settlement of the Lusitania issue.

This settlement is expected to embrace what the United States can accept as a disavowal of the attack on the Cunard liner, as well as an agreement for the payment of a money indemnity for the 110 American lives lost when the vessel was sunk.

The state department is still lacking evidence necessary to prove that the British liner Persia was attacked by a submarine and is now awaiting the outcome of the official inquiries which the German and Austrian governments are making of their submarine commanders in the Mediterranean. Unless these investigations show that a German or Austrian submarine was responsible, the American government will be compelled to give up any further attempt to seek satisfaction in this case.

With the submarine controversy well on the way to amicable adjustment, as American officials see it, the state department may now proceed to take up aggressively the various grievances which the United States holds against Great Britain and her allies for what is regarded by this country as unwarranted interference with American trade.

# ANOTHER DUPONT PLANT WRECKED

Philadelphia, Jan. 10.—Bolcher's plant of the Dupont powder works at Carneys Point, N. J., exploded early today. The flash of the explosion was seen in this city and its force rocked many sections of Philadelphia. The shifts of working men were changing at the plant when there was a flash that shot into the air 100 feet. Employees of the plant who reached Wilmington about an hour after the explosion said the explosion occurred in the blending tower of plant No. 3, a structure in which the powder is blended. Police say forty-two men are missing.

# LITTLE EASY?

Washington, Jan. 10.—The Chamber of Commerce of the United States made public an important statement by Attorney General Gregory as to the future policy of the department of justice in regard to the enforcement of the anti-trust laws. The most important point in the statement is the assurance which the attorney general gives that in cases where persons have entered into a transaction in good faith, believing it to be lawful, and later are accused of violating the law, the department will not invoke "extra penalties" against them. The attorney general contends that this has been the policy of the department. He seems to indicate that in cases as to which both his department and the federal trade commission have jurisdiction, such as those arising under the Clayton act, the department will await the conclusion of the commission's proceedings as to any matters in which the commission's jurisdiction is first invoked.

# NEW RULE ADOPTED IN BRITAIN

London, Jan. 10.—At Beardmore's armament plant, on the Clyde, a workman named Logan, employed on the plant, caused a disturbance because he had to wait for an hour for his wages and was dismissed. His dismissal and the refusal of Beardmore to reinstate him was the signal for a number of workmen to walk out. All arguments of patriotism were of no avail with the men. Twenty-eight strikers were fined \$25 each under the munitions act for "unlawfully ceasing work."

# MRS. BRYAN SUPPORTS THE PRESIDENT'S PLANS

Washington, Jan. 10.—At a meeting of the Woman's National Democratic league, of which Mrs. William J. Bryan is a director and which has just closed its convention here, a special meeting was called to organize the Wilson Home Guards for the purpose of making a special appeal for the reelection of the president because of his efforts to keep the United States out of the war.

# SIX DIRECTORS SET FREE FIVE ARE STILL RETAINED

No Agreement on Cases of Five New Haven Officials.

New York, Jan. 10.—The federal jury which for nearly three months heard the evidence for and against the eleven former directors of the New York, New Haven and Hartford railroad, who were charged by the government with conspiracy to monopolize New England's transportation facilities, rendered a split verdict after fifty-one hours' deliberation.

Six of the defendants were acquitted. The jury could not agree upon a verdict in the cases of the other five. Judge William H. Hunt accepted the findings that way and discharged the jurors. The six who were acquitted were: D. Newton Barney of Farmington, Conn.; Robert W. Taft of Providence, R. I.; James S. Hemingway of New Haven, Conn.; Judge A. Heaton Robertson of New Haven, Conn.; Frederick F. Brewster of New Haven, Conn.; and Henry K. McHarg of Stamford, Conn.

The five on whose cases the jury

could not agree were: William Rockefeller, Charles F. Brooker of Ansonia, Conn.; Charles M. Pratt of Brooklyn, Lewis Cass Ledyard and Edward D. Robbins.

All of the defendants except William Rockefeller and Henry K. McHarg were in court when the verdict was announced. Judge Hunt formally ordered the discharge of the acquitted ex-directors. It is the announced intention of the government to move the other five cases for trial as soon as possible.

Nelson Won the Elgin Marbles.

Lord Elgin, whose name has become inseparably associated with the famous sculptures, never saw them in their original places in the Parthenon. He employed artists to make him drawings of the sculptures, and it was they who urged him to have the wonderful relics of ancient Greece removed to England to save them from destruction. Elgin repeatedly appealed to the porte for permission to remove them, but the request was refused until Trafalgar. As soon as he heard of Nelson's victory the sultan said, "You may take them now as soon as you please."—London Mirror.

REPUBLICAN AID  
MAY BE REQUIRED

Sixty Democrats Opposed to  
the Defense Bills.

THREATENED WITH DEFEAT

No Speech Yet Made by Adminis-  
tration Leader in Either House or Senate  
In Support of the Preparedness  
Program—Opponents On the Other  
Hand Are Active and Alert—White  
House Conference Likely.

Washington, Jan. 10.—President Wilson and his advisers are now alive to the fact that it will require all the power of the administration, supplemented by Republican support, to pass the preparedness program through congress, and there is danger of failure in regard to the army even then. Foreign complications involving the United States have tended to obscure the developments in the preparedness issue, but administration leaders have decided now that a strong public campaign must be undertaken and no time lost in combatting the attacks that are being made on the president's program. This congress came into being on Dec. 6, yet no progress has been made on the defense bills. Also no consideration has been given to measures to raise revenues to defray the cost of army and navy expansion that the president insists is imperative. It is rather significant that all speeches on the subject of defense de-

livered thus far this session by house Democrats have been harshly critical of the president's program. Significance also is attached to the fact that up to date no administration leader in house or senate has taken the pains to make a speech in support of the program or to reply to the party critics who have assailed it.

It is now known by everybody in the house, where defense bills are to be originated, that the president will have to depend on Republican votes to put his program through that body. Prediction is made that approximately sixty Democrats will desert the administration on this proposition. As the Democrats now only have a majority of twenty-five in the house it will thus be seen that the administration would be compelled to steer a course that will assure the support of a considerable number of Republicans.

The Democratic opponents of the defense bills have been active and alert from the beginning of the session, whereas the supposed supporters of the administration's program have been singularly passive and diffident.

In its endeavors to push the defense bills through congress, the administration is undoubtedly handicapped by the attitude of the responsible Democratic leaders in the two houses. Mr. Kitchin is an out and out opponent of preparedness as advocated by the president, while Senator Kern, the senate leader, is a critic of the police and will lend no help to the administration in this emergency.

There is good reason to believe that a conference will be held at the White House in the near future to advise ways and means to put the defense bills through the house as expeditiously as possible.

OHIO NEWS

Four Men Held.  
Hamilton, O., Jan. 10.—Lee Stidman, Boone Pace, Robert Pace and Dillard Begley, arrested following the killing of Coleman J. Brown, a striker, were held to the grand jury without bond, on the charge of murder.

Hangs Himself.  
Napoleon, O., Jan. 10.—Henry Buchenberg, seventy-three, missing since Thursday, was found dangling from a rope attached to a hook in the ceiling when his brother went to his home in Holgate. He had been despondent since the death of his wife a year ago.

May Face Manslaughter Charge.  
Columbus, Jan. 10.—S. W. Renner, a well known West Side resident, was placed under arrest and probably will be charged with manslaughter in connection with the death of Bertrice J. Arnold, nineteen, who was killed when struck by an automobile after he had alighted from a streetcar.

Mayorality Case Not Dropped.  
Toledo, Jan. 10.—That the suit contesting the election of Mayor Charles M. Milroy will be carried to the state supreme court on the question of the constitutionality of preferential voting under Toledo's charter was reaffirmed by W. E. Cordill, attorney for Dr. C. W. McGuire, who is contesting Milroy's election.

Shoots Wife in Head.  
Marysville, O., Jan. 10.—While temporarily unbalanced N. W. Hill, fifty-eight, of Union county, attacked his wife, shooting her in the temple. He then sent a bullet crashing into his own brain, dying instantly. Mrs. Hill was rushed to a Delaware hospital and later taken to a Columbus hospital. The ball entered the brain.

Charge Against Youth.  
Bellefontaine, O., Jan. 10.—Charles Faulder, eighteen, of Springfield, is in jail here awaiting trial before United States Commissioner West on a charge of opening letters while he was employed as a special delivery messenger at the Springfield post-office. Luther Minnich, alleged to be implicated, is under arrest in Detroit.

Attorney General's Statement.  
Columbus, Jan. 10.—Attorney General Turner effected a saving of \$58,576.66 during the first year of his administration, as compared with the expenditures of the department for the previous year, according to figures given out at the statehouse. The department expenses in 1915 were \$71,667.28, while in 1914 they were \$130,632.94.

"JOHNNY" LOSES  
ANOTHER BATTLER

London, Jan. 10.—The British battleship King Edward VII has been sunk after striking a mine. The entire crew was saved. The eight British battleships of the King Edward class are of 16,350 tons each and carry a complement of about 775 officers and crew. The King Edward was completed in March, 1905, at a cost exceeding \$5,000,000. She had a speed of nearly 20 knots and was 453 feet long.

WIRE FLASHES

Ten bodies were removed from the hold of the oil tank steamer Aztec, on which an explosion occurred last week at her pier in Brooklyn.

Three "baby bandit" gangs were broken up and ten youths, none of them more than seventeen years old, were held in various police stations as a result of a "clean-up" by the Chicago police department.

Employees of the Goodall Worsted company, Sanford mills, Minerva mills and Maine Alpha mills, at Sanford, Me., numbering more than 2,000, were notified that they had been granted 5 per cent increase in wages.

"BRAND" IN HOLLAND

The Hague, Jan. 10.—The steamer Rotterdam arrived at Rotterdam after a tempestuous voyage from New York. Brand Whitlock, the American minister to Belgium, who was a passenger, left immediately for The Hague. German permission for the journey through Belgium already has been obtained.

CIGAR SMOKE COST \$450.

Received It From a Strange Man and Then Was Robbed.

Muncie, Ind.—The most expensive cigar that Joseph Cegelka, a Muncie Roumanian, ever smoked cost him exactly \$450, according to his story as related to the police.

A man giving his name as John Adams was the cause. The two met at the boarding house of Mrs. Martha Jones. According to Mrs. Jones the men were in the same room in her place for an hour or more.

Finally Adams left the house alone. Eventually Cegelka reported to the police that he had been robbed of \$450 after having smoked a cigar given him by Adams. The police believe the cigar was "doped."

He Proved It.

"My dear child," said the food mother, "if you marry Henry, do you think he will have the force to lift himself above his fellow men to a level with you?"

"Why, of course I do, mamma. Don't you remember how he climbed the eight stories to our apartment the other night when the elevator was broken?" —St. Louis Post-Dispatch.

# 1500 ATTEND SERVICES AT TABERNACLE

Some 1500 persons attended the opening meeting in the Willhite Tabernacle on South Hinde street, Sunday night, a large number signifying their desire for prayer, and several responding to the call to lead a better life.

Rev. D. B. Willhite spoke on "The Ways of the World," a sermon directed particularly to the laboring people. Mr. J. W. Troy, of Chicago, Ill., has charge of the singing, and is organizing a chorus of 200 to 300 voices.

Many of those in attendance had not been inside a church for years, it is claimed. Deep interest was manifested in the services, and Rev. Willhite predicts splendid results for the series of meetings.

"Three Classes in the Church" will be the theme of Rev. Willhite in his sermon tonight at 7:30 o'clock.

# MRS. ASQUITH AND LADY HAIG ACTIVE

## Husbands' Elevation to High Positions Accredited to Them.

## HAVE GREAT INFLUENCE.

Great Britain Prime Minister's Wife of Material Assistance to Him, and She is Probably Most Influential Woman in English Politics—Lady Haig Also Powerful.

London.—Two women, Mrs. Asquith and Lady Haig, are playing an active part in Great Britain's politics. To their work is accredited the elevation of their husbands to high positions.

The action brought by Mrs. Asquith, the wife of the prime minister, against the London Globe to restrain its editor from publishing any more letters from its readers indirectly referring to her as a friend of German prisoners of war interned in Donnington Hall had much more behind it than the extremely courageous action of an independent and fearless woman.

The prime minister's wife is probably the most influential woman in English politics in modern days. The late Duchess of Devonshire, the "Double Duchess," as she was called because she captured two ducal titles in succession, that of the seventh holder of the Manchester title and the eighth of Devonshire, could perhaps have had greater political power if she could have persuaded the indolent Duke of Devonshire to accept the office of prime minister. Mrs. Asquith, on the other hand, is commonly believed to have materially assisted her husband to this high office. His enemies have always been legion and his friends not numerous, his character being that of the serious Scotsman who forms emotional ties with difficulty.

Mrs. Asquith, brilliant, witty, temperamental and intellectual and invariably entertaining, has supplied this deficiency and by her tact and charm she has kept unimpaired many political friendships useful to her husband.

The withdrawal of the British forces from the Gallipoli peninsula is credited to Mrs. Asquith's advice, coupled with the recommendation of Major General C. C. Monro, who succeeded General Sir Ian Hamilton as commander at the Dardanelles, which was made public in the house of lords by Lord Ribblesdale, Mrs. Asquith's brother-in-law.

Lady Haig, the wife of General Sir Douglas Haig, who has taken over the command of the British troops in France as the successor of field Marshal Viscount French, is credited with having exerted great influence toward her husband's advancement in the army. She was the Hon. Mand Vivian, one of the "Vivian twins," who were famous as maids of honor to Queen Victoria and Queen Alexandra. Before his marriage to Miss Vivian ten years ago Haig was a favorite with General French, having served under French at Aldershot and then accompanying him to South Africa during the Boer war. Whatever French has been able to do for Haig has been done, but his present high command is the result more of the influence at court of Lady Haig, and Lord Kitchener has been persuaded by royalty's desires to advance the man most favored by his old enemy, General French. Sir Douglas Haig was promoted to be a full general only a year ago, although he had held the post as chief of staff in India for some years, having won it through the influence of King Edward and Queen Alexandra.

Sir Douglas and Lady Haig have not taken any particular pains to assume any leadership in London society since their marriage and have not kept up a London residence during visits home from India, spending their time at Aldershot, where Haig earned the nickname of "Von Haig" on account of his Prussian thoroughness in military matters and his stern way of handling subordinates. He and Lady Haig have two children, daughters, named after the two queens whom Lady Haig served—Alexandra Henrietta Louise, born in 1907, and Victoria Doris Rachel, born in 1908.

# BARGER MAY SURRENDER HIS OFFICE

At an executive session of the Fayette County Bar, held in the common pleas court room Monday afternoon, it is understood that the committee recently named to investigate charges of immoral conduct on the part of Attorney T. L. Barger, reported that Barger was willing to surrender his office as City Solicitor and leave this part of the country, providing the Bar take no further action toward disbarment.

It is further understood that an expression of the various members of the Bar, and that the consensus of opinion was favorable to accepting the proposal.

Barger intends going south, it is claimed.

# MORE BODIES ARE RECOVERED

By Associated Press.  
Parkersburg, W. Va., January 10. —Three bodies were recovered today from the stateroom of the Ohio river packet Kanawha, which sank near here last Wednesday night.

Two were identified as Mrs. E. C. Atkinson and Mrs. Ulysses Beegle, of Racine, O.

The other body, also that of a woman, is so far unidentified.

The search of the wreck will probably be completed today.

**SOME IMPORTED WORDS.**

Their Use Here and Their Meanings in Their Native Land.

You are so familiar with those three imported words, chauffeur, tonneau and limousine, that it would never occur to you to ask whether they really apply to the objects which they have been made to describe.

You know that a chauffeur is the man who is hired to drive a motorcar. The mere driving of the car is not the thing which gives the name its significance, for it does not apply to the owner of the car when he drives. In like manner you know that the tonneau is the part of the machine which is behind the driver's seat and accommodates three or five persons. When the possessor of an automobile is sufficiently opulent he has a limousine body for winter use, and probably it is electric heated and has a bunch of fresh flowers in the wall vase every morning. To these three vocables, with their smell of greenbacks and their rattle of silks, we might add another, even more suggestive of the expenditure of money, the word "hangar," which was dragged into the language when the glided youth wearied of sixty horsepower speed and took to the air.

Would you be shocked to learn that a hangar, in rural France, where aeroplanes are almost unknown, is nothing but a shed for the farm cart? And what of the chauffeur? The high school girl was horrified to find, by consulting her dictionary, that he was either a fireman or a braggart. Almost as disconcerting was the revelation that a "tonneau" was nothing but a vat or tub. But the cruelest blow of all fell when the limousine was shown up as rough goatskin, worn by peasants near Limoges.—St. Louis Globe-Democrat.

# More Lovable.

Two peevish old dames were sent over to inspect a Red Cross hospital in France. They came back and reported that a black cat was kept as a pet in the institute. The head of the hospital was written to about it and replied: "The black cat is the 'Tommy's' mascot, and they're fond of her—a lot fonder than they were of the two old cats you sent out here to inspect us."—Chicago Herald.

## THE BRITISH ARMY NOW RETREATING IN MESSOPOTAMIA

Constantinople Advices Assert That Force of Ten Thousand Left to Cover Retreat Has Been Surrounded.

## OFFENSIVE IS LAUNCHED BY GERMANS IN FRANCE

Berlin Claims Sinking of Ally Transport Off Gallipoli Loaded With Troops—Russians Repulsed, Vienna Claims, All Along the Battle Front in Galicia.

By Associated Press.

London, January 10.—Reports on the progress of the campaign in Mesopotamia are widely divergent. Constantinople advices to Berlin this morning declared the British army was retreating along the Tigris. On the other hand, it was announced in the British House of Commons that after heavy fighting on both banks of the Tigris on January 9, the Turks were in full retreat with the British pursuing.

London, January 10.—The main British army in Mesopotamia is in retreat, according to advices from Constantinople sent to Berlin.

Ten thousand men are said to have been left to cover retreat, and the Constantinople advices advance the claim that this force has been entirely surrounded by the Turks.

The British, several weeks ago, fell back more than 100 miles down the Tigris river from the vicinity of Bagdad.

The Champagne district in France

is again the scene of an offensive movement, this time the Germans being the aggressors.

On the ground which the French gained in their September drive, the Germans have taken several hundred yards of trenches, capturing more than 400 prisoners, five machine guns and several mine throwers, according to the claims of Berlin. A French counter attack is declared to have failed.

Constantinople dispatches through Berlin claim the sinking of an allied transport filled with troops off the Gallipoli peninsula, as the entente forces were evacuating their positions there.

Vienna claims that the Russians on last Saturday ceased their attacks on the Galician front, after having been repulsed all along the line.

Sir Percy Lake has been appointed to command the British forces in Mesopotamia, in succession of General Sir John Nixon, who has been compelled by ill health to return home, it was announced in the House of Commons today.

## OUTSIDE AGENCIES ARE NOT BLAMED

Officials of Dupont Smokeless Powder Plant Assert No Claims That Explosion Was Work of Spies.

By Associated Press.

Philadelphia, January 10.—Three men were killed and a number injured in an explosion of smokeless powder early today at the plant of the Du Pont Powder Works, at Carney's Point, N. J.

It had been reported that a large number of men had lost their lives, but after an investigation the superintendent of the plant said there were only three dead.

The cause of the explosion is not known, but according to the superintendent there is no suspicion that the blast was due to outside agencies. The report that arrests have been made were denied.

## FOURTH REGIMENT IS ORDERED HOME BY GEN'L HOUGH

Conditions in Youngstown Very Much Improved and Prospects For Outbreaks Are at an End.

## TWO REGIMENTS REMAIN TO PRESERVE PEACE

Gradually the Workmen Are Returning to Work in the Steel Plants.

By Associated Press.

Columbus, January 10.—In ordering the Fourth Regiment, Ohio National Guard, home from Youngstown this afternoon, Adjutant General Hough said the Fifth and Eighth regiments would be left until tomorrow, at least.

The Fourth Regiment, commanded by Colonel Byron L. Barger, of Columbus, should reach Columbus early this evening, General Hough said, and companies would be transported to their respective homes immediately.

The regiment did not reach the actual riot scene, having been stopped at Berlin Center, west of Youngstown, and kept there ready to be rushed to Niles, Girard or Warren if trouble should develop among strike sympathizers in those localities.

Columbus, O., January 10.—Conditions of peace at East Youngstown where rioting steel mill strikers created havoc last Friday, reported today to Adjutant General Hough, made him consider the withdrawal of part of the 2,000 state militiamen there today.

The Fourth regiment, located at Berlin Center nearly 30 miles southwest of Youngstown, will be withdrawn first, it is said.

Orders to this effect were expected today by National Guard officers, although General Hough was not ready this morning to announce what he would do.

Youngstown, January 10.—The grand jury today began an investigation into the rioting at East Youngstown Friday night.

More than 200 men have been arrested and a majority of these will be held pending the outcome of the probe, which will be made under the direction of A. E. Henderson, prosecuting attorney of Mahoning county.

The gates of the Youngstown Sheet & Tube Company's plant, which has been tied up because of a strike of laborers, were reopened today and preparations are being made to resume operations soon.

Many former employees returned for duty and were at once put to work. The exact number to return has not been made public.

The furnaces are still banked but workers were assigned to cleaning up and making repairs. No disturbances were reported.

Both regiments of the Ohio National Guard which have been quartered on mill property since their arrival early Saturday, were removed last night. For the present they will continue to occupy their trains near the plant, but will be moved to quarters in other parts of this city and East Youngstown as soon as arrangements can be made.

Fred C. Croxton, mediator sent here in an effort to settle the strike, continued his conferences with representatives of the companies and employees today.

Mr. Croxton conferred yesterday with James A. Campbell, president of the Youngstown Sheet & Tube Company. He also plans to discuss the situation with T. J. Brady, of the Republic Iron & Steel Company, whose employees are also on a strike.

Announcement was made at the headquarters of Brigadier General John C. Speaks this afternoon that the Fourth Regiment, which has been stationed at Berlin Center, has been ordered home.

The regiment, which is composed of companies from Columbus and Central Ohio, will depart at once.

Owners of saloons in Youngstown today asked Mayor Thornton for permission to reopen but the request was denied. The saloons were closed Saturday morning.

Additional workmen continued to report for duty at the plant of the Youngstown Sheet & Tube Company this afternoon. According to militia officers in command in the neighborhood of the plant, between 600 and 700 men returned to work. The plant employs normally more than 9,000 men.

The company announced this afternoon that three departments had been reopened. Others will be placed in operation tomorrow.

District Attorney Henderson made public a letter received by him from Governor Frank B. Willis, in which the state executive asked that an investigation be made into the causes of the strike and Friday night's riot.

Many witnesses were examined by the grand jury during the morning. A report will probably be made late this week, according to the district attorney.

## HOLD CONFERENCE

By Associated Press.

Washington, January 10.—Count von Bernstorff, the German ambassador, and Secretary Lansing had another conference today concerning the Lusitania negotiations. Both agreed that the conference should be confidential.

One more conference is arranged for this week, and it is believed that at this meeting the long controversy over the Lusitania will be settled.

## POLICEMAN CONFESSES TO AUTO TRAGEDY

Chief Carter Hears Story of Man Who Had Become Nervous Wreck.

By Associated Press.

Columbus, O., January 10.—After keeping secret for two days the fact that he was in the automobile which killed Bertrice J. Arnold, 19, Friday night, Policeman R. W. Murray, 26, is said to have called at the home of Chief of Police Carter late last night and made a confession.

The officer was almost a nervous wreck as he told his story.

Following his confession, F. W. Renner, a garage owner who is said to have been the driver of the car which killed Arnold, was arrested.

## SHERLEY LAW IS UPHELD

Washington, January 10.—The Sherley amendment of 1902 to the federal pure food law, declaring drugs to be misbranded if the package or label bears false or fraudulent statements regarding the curative effects, was upheld as constitutional today by the Supreme Court.

## WON'T STAY SETTLED

Columbus, O., January 10.—Governor Willis and Attorney General Turner again gave consideration today to the film play whose exhibition in Ohio was forbidden for a second time last week by the State Board of Censors on the ground that it might create race prejudice.

The film was again shown in the board's private exhibition room. Joseph W. Heintzman, Cincinnati attorney representing the film corporation which produced the play, is preparing to file an injunction suit in the federal court late today, unless the film board reverses its decision.

# SUNDAY FIRE DESTROYS WHITE OAK M. P. CHURCH

Flames Start in Basement of Church Near Buena Vista and Structure and Part of Fixtures Fall Prey to Fire—Structure Will Be Rebuilt

White Oak Methodist Protestant church, located a half mile northwest of Buena Vista, was completely destroyed by fire of an unknown origin, beginning about 2:30 Sunday afternoon.

The fire started in the basement, gained a foothold between the plastering and weatherboarding and broke through the roof within a few minutes' time.

Will Patton, who resides nearby, discovered the fire and with the aid of other neighbors rushed to the church and by hard work removed the piano and part of the fixtures before the rapidly spreading flames forced them to flee for their lives.

The fire started near the basement door and entirely away from the furnace.

White Oak church was erected in 1857 and was a handsome frame structure. It had been remodeled and was in good condition. Insurance to the extent of \$3,000 on the building and fixtures was carried by the society, which has been plunged into deep gloom by the destruction of the place of worship. Services had been held in the church a few hours before the fire broke out.

The official board is composed of Rev. G. H. Harper, William and Dave Patton, Ben Coffey, Noah Aiken and Will Crabbs, and a meeting was called for Monday afternoon with a view to taking steps at once to rebuild the church.

Already many persons have pledged themselves to help rebuild, one man, not a member of the church and not wealthy, offering \$100. Others have shown an equally liberal disposition, and it is expected that the new building proposed will be financed within a reasonable time.

## HARTMAN THEATER

Columbus, Monday, Tuesday and Wednesday, January 10, 11 and 12—Matinee Wednesday.

Jefferson de Angelis in "Some Baby"

"Some Baby," one of the most laughable farces seen in New York during the present season, comes to the Hartman Theater, Columbus, for an engagement of three days, commencing Monday evening, January 10th, with a matinee Wednesday.

It is one of the funniest farces seen in years, the three acts being brim full of ingenious situations revolving about the search for the Elixir of Youth by an eccentric old Professor. Jefferson de Angelis appears in this role of the old scientist, who really believes that he has found the rejuvenating liquid. The belief is founded on the seemingly remarkable happenings which begin to occur when two of the characters in the play take some of the elixir.

The doctor and his two assistants are driven nearly to desperation through the belief that they have administered an overdose of the elixir, with dire results.

"Some Baby" is "some play," presented in "some" style, by "some" cast. Mr. De Angelis is the chief fun-maker, in the production, but the members of his company all do their part in making the play one of the best to be seen here this season.

Thursday, Friday and Saturday, January 13, 14 and 15—Matinee Saturday. Mrs. Patrick Campbell in "Pygmalion."

One of the most notable engagements of the entire present season will be the appearance at the Hartman Theater, Columbus, on Thursday, Friday and Saturday, January 13, 14 and 15, of the distinguished English actress, Mrs. Patrick Campbell.

## ARREST FOUR HUNDRED PROBES BEGIN WORK

Sequel of the Rioting at East Youngstown.

### PEACE CONFERENCE CALLED

Efforts to Settle Strike of Mill Laborers Inaugurated by the State Board of Mediation—Austrian Prisoners Said to Have Admitted Implication in Plot Against the Big Mill—Developments of the Day.

Youngstown, O., Jan. 10.—Unless something unforeseen develops the Fourth Ohio regiment will return to Columbus this afternoon. The regiment has been in Berlin Center and did not come to Youngstown.

Probes by both federal and Mahoning county authorities into mob violence at the plant of the Youngstown Sheet and Tube company last Friday night, when two persons were killed, many wounded and \$1,000,000 worth of property destroyed, took a sensational turn when County Detective Kane said two Austrians in the county jail here have made confessions in which they are quoted as saying they were sent here from New York to start the strike, so as to prevent the manufacture of war munitions for the allies. The men are Dan Fleck and John Brisky.

"It would be useless for us to attempt to operate our plant while some of the workers are in their present frame of mind," J. A. Campbell, president of the Youngstown Sheet and Tube company, said, discussing strike conditions. "We do not need any protection for ourselves, but we want to have our workers and their homes protected. Brigadier General Speaks has informed us that he will remove the national guardsmen from our plant. It was never intended that they should be quartered there. We will not import strikebreakers. I am confident that outside influences were responsible for the shooting. We have been making war munitions, and

when we started many of the Austrians in our employ refused to work. They may have seized the opportunity of assisting in this trouble by inciting the other men."

Over 400 persons were taken into custody in East Youngstown by soldiers and deputy sheriffs, and the officials are in a quandary as to where the prisoners are to be kept. Officers placed prisoners in the fire engine house, where they were herded like cattle. Soldiers with fixed bayonets were stationed outside the municipal building to check any attempt at jail delivery.

Movements toward settlement of the strikes at the Youngstown Sheet and Tube company in East Youngstown, and in Struthers and the Republic Iron and Steel company in Lansingville, where 18,000 men are idle, less than 5,000 of them on strike, featured the day. Peace plans outlined by Governor Willis were launched by Fred C. Croxton, chief of the state mediation board, whom the governor sent here from Columbus. The first meeting to settle the strike called by Croxton probably will be held this evening, at which will be invited representatives of the companies and the strikers.

Thousands of dollars' worth of plunder taken from buildings, later fired and destroyed by the mob, Friday night, has been recovered. All saloons ordered closed Friday night remained closed today.

### Mahoning County Liable.

Columbus, Jan. 10.—That Mahoning county is liable for damages for loss of life or bodily injury growing out of the strike riot at Youngstown is the opinion of officials here. Property losses, however, can not be collected, except by suits against individual offenders. There is an Ohio law, sections 6278-89, which provides that a county may be sued for the loss of life or bodily injury growing out of the action of a mob.

### PREPAREDNESS ATTACKED

Washington, Jan. 10.—Dr. Herbert Welch, president of Ohio Wesleyan university and one of the country's well known educators, attacked the preparedness program in a letter to General Isaac R. Sherwood.

### WEAK FROM GRIPPE

Home Missionary Tells How She Restored Her Strength.

"I am a Home Missionary, was weak and run-down after a hard spell of LaGrippe. I had headaches, indigestion and pains in my chest, and was tired all the time. A friend asked me to try Vinol and the result is I am free from those troubles and I feel well and strong and able to go to work again." Mrs. Hattie Johnson, Towanda, Pa.

The reason Vinol was so successful in building up Mrs. Johnson's health is because it is a constitutional remedy which contains peptonate of iron to enrich and revitalize the blood, the nourishing properties of beef peptone and the healing medicinal extractives of fresh, healthy cods' livers, all combined in a delicious native tonic wine, without oil.

We wish every person in Washington Court House who is suffering from a weakened, run-down, debilitated condition, would try our Vinol on our guarantee to return their money if it fails to benefit them. Blackmer & Tanquary. advt.

## OHIO GRAIN CROPS

Washington, Jan. 10.—A complete and final summary of Ohio's bumper crops of 1915, as compared with 1914, has just been issued by the department of agriculture. It shows a large increase in production of all staple farm crops grown in Ohio. In 1915 there were produced 156,040,000 bushels of corn, 40,194,000 bushels of wheat, 69,003,000 bushels of oats and 1,750,000 bushels of rye.

### GERMAN SUCCESSES

Berlin (via wireless to Sayville, L. I.), Jan. 10.—German forces have recaptured the trenches near Hirsztstein, south of Hartmann's Weiler Kopf, in upper Alsace, that were taken by the French on Dec. 21. The announcement says that 20 officers, 1,803 chasseurs and 15 machine guns were captured from the French.

## KILLS FIVE CHILDREN AND THEN SUICIDES

Chicago, Jan. 10.—Mrs. Christina Maves, wife of a teamster, killed herself and her five children, ranging in age from two to seven, by turning on the gas. She left this fragment of writing: "You made my life miserable. You never gave me any money."

### WOMAN CANDIDATE

St. Louis, Jan. 10.—For the first time in history a woman is a candidate for the nomination for vice president of the United States. She is Mrs. Kate Richards O'Hare, foremost woman Socialist in the west. Her name will appear on ballots to be circulated among Socialists this week and she is a popular candidate for the nomination.

### REPRISAL OF TURKS

Constantinople, Jan. 10.—In reprisal for the arrests by the allied staff in Salonica of the Turkish consul and other Ottomans in the Greek port, the Turkish government has arrested ten British and French citizens, including the remaining embassy officials. The Youngstown Riots

While the people of Ohio had known, for some days prior to the outbreak of rioting, that there was a serious difference between employers and employees in the big steel mill, nevertheless the magnitude of a veritable reign of terror of Friday night in East Youngstown came as a decided shock. The state authorities when called upon by the officials of Mahoning county for assistance acted with wisdom in mobilizing and sending at once to the scene of the disturbances a sufficiently large body of troops to awe the rioters and compel respect for law and order. Too often a mistaken idea of economy causes state officials to send a mere handful of militia with the result that attack is invited and the rioters incensed. That invariably means more expense in the end, more rioting and more bloodshed.

The mobilization of the regiments called to service was accomplished in a remarkably short time and was a splendid tribute to the efficiency and "preparedness" of the state troops. The disturbances were quieted and order restored in a surprisingly short time considering their extent and their character.

As is usual in such cases, the work of destruction was conducted, largely, and directed almost entirely, by irresponsible who had no real cause of grievance and no interest in the labor troubles.

East Youngstown is a boom town, at the edge of the city proper, made up principally of a low class of foreigners and nondescripts from everywhere and nowhere, attracted by the probability of work in the busy steel mills. The inhabitants for the most part had little or no interest in the city or in any other for that matter. They were, the majority of them, the typical enemies of organized society, voluntarily without the pale of law and order, discipline or restraint of any kind. That is clear from the fact that in the city of East Youngstown which according to its population should have two thousand voters, cast less than three hundred votes at the last election.

The President's Friend in England

Colonel E. M. House, the personal representative of President Wilson, is once more in Europe announced on a tour of inspection and investigation.

On Saturday Colonel House saw Sir Edward Gray, the British minister of foreign affairs and spent some time in conference with that eminent statesman. The subject matters discussed are not, of course, announced to the public and for that reason the public proceeds to indulge in some very interesting speculations and some of the individuals who hold a very high respect for their guessing powers, announce, as a fact, that the foundation was laid for the opening of peace negotiations.

It is quite likely, however, that Sir Edward Gray and Col. House did not discuss, directly, Great Britain's attitude on the matter of peace proposals. It is improbable, too, that Colonel House made any direct offer of services to bring about peace. Gathering facts regarding actual conditions in Europe rather than offering any nation assistance, in changing conditions, with the purpose of making a report directly to the president, is about the limit of Col. House's mission and power.

The visits of his close personal friend to European capitals serves to keep the president fully and accurately advised and also to keep ever in the forefront with the warring nations the knowledge that when the time comes this nation is ready to assist.

The frequent missions of Col. House tend to break down the barriers of form and keep this nation constantly in a position where its services, in the effort to restore peace, are available.

Sunny September

Now days we are provided with statistics on almost every subject. It is a time when the fact and figure gatherers are particularly busy. Then too the later day statisticians have a way of arranging their data so as to make its presentation pleasing and its perusal interesting as well as instructive.

While facts and figures as to past weather conditions furnish little or no assurance for future weather conditions, while we all know that about the only thing we do know about the weather of the future is that it will not come to the predictions of the weather bureaus, yet there are perhaps no statistics referred to so often and no predictions watched for with so much genuine interest as those which are based upon weather conditions.

It is interesting to know that the month of September last year gave us more sunshine than any other month in the year.

Just why that should be of interest no one can explain, because the chances are that next September will not duplicate the gift.

October was the driest month, August the rainiest, December gave us the greatest number of cloudy days.

All of it very interesting, but not of much real practical use.

Poetry For Today

THE SECRET OF THE SEA.

Who knows the mighty secret,  
The secret of the sea  
I love its beauty passing well,  
I love the thunder of its swell  
I love the glory of its play,  
The glitter of its feathery spray,  
But its secret is hid from me.

Who has the mighty secret?  
Never a mortal knows  
By the shells alone is the riddle read  
As they lie deep down in their coral bed  
In the depths of the seaweed forest brown,  
Where the August sunshine quivers down,  
And the great tide comes and goes.

They know the mighty secret;  
They are cast upon the sand;  
We gather them up from the creamy foam.  
We bear them away to our island home.  
As relics of happy seaside days,  
We bear them to dwell where the soft breeze plays  
Over the flowery land.

They know the mighty secret;  
We hold them to our ear,  
We hear the mystical sound again,  
We hear the voice of the restless main,  
We know the long monotonous roar,  
As the billows break on the rugged shore;  
But that is all we hear.  
—Susan K. Phillips.

Napoleon on Horseback.

Extraordinary were the precautions taken that Napoleon should never appear at a disadvantage on horseback. The emperor was not a first class horseman, and his horses were always thoroughly broken in. Here is a description of the methods employed: "They were trained to remain perfectly steady under tortures of every description; to receive blows about the head; drums were beaten, pistols and crackers fired in their ears, flags waved before their eyes, clumsy packages and sometimes even sheep and pigs were thrown between their legs. None of the animals were deemed sufficiently trained till the emperor could without the least difficulty pull them up short at full gallop, which was his favorite pace."—London Chronicle.

"Have you, indeed?" said she. "I have no theories."  
"No theories on the proper way of training little ones?"  
"No theories," was the reply. "Just three children."—Detroit Free Press.

IN FAVOR OF CONSCRIPTION.

America Should Adopt System, Says Harriot Stanton Blatch.

Washington.—Mrs. Harriot Stanton Blatch, president of the Woman's Political Union, favors conscription. She says:

"I am of the opinion that America should adopt the only democratic national defense possible—conscription. "I would have conscription on a plan somewhat similar to that enforced in Switzerland at the present time—an enlistment of two months at first, to continue for shorter periods each year—a system that would harmonize all sections of our country. In my opinion we want to be made a much more homogeneous people, and therefore those that enlist from the east should be sent to the west and those from the south sent to the north, and a perfect understanding would be brought about between various sections.

"This conscription imposed upon men should also be obligatory for women, who as citizens, but not as soldiers, should know how to efficiently do their share in coming to the aid of their country in time of calamity.

"Girls should be forced to train in various departments of the civil service, in the postoffices, in all the municipal departments, and to women I would apply the same ideas as to the men—that is to say, send them to various parts of the country, so that they may get a wider knowledge of their home land."

DON'T ASK FOR APPLE PIE IF YOU'RE INDIAN

Chippewa Word Takes 46 Letters and 18 Syllables.

Carlisle, Pa.—When one realizes that if a Chippewa Indian boy has to ask his mother for a piece of pah-tah-meshe-me-bah-ske-ne-si-gah-ne-we-ko-baw-kwa-she-gan when he wants apple pie it may be understood that the seemingly cumbersome names carried by many of the Indian students at the Carlisle school are really not so burdensome to the redskin as would first appear.

Among names on the Carlisle roster of students are such as Katie Owns-many-horses, Nancy Kicks-the-iron, Frank Smells-the-log, Edward Dismount-twice, Delph Essen-to-hate, Flora Well-known and Henry Knocks-off-two.

The longest name on Carlisle's list of students is Owen Woottakewabity and the shortest Jo Dog.

That odd names have not entirely passed away is evidenced, for instance, by the following names taken off the students' roll, being surnames, having reference to parts of the human body: No-shin-bone, Spread-handa, Short-neck, Eye-lash, Silver-heels, Roman-nose, Red-neck, Mumble-head, Yellow-kidney, Yellow-face, Wounded-eye, White-face, White-head, Powder-face and Two-hearts.

There is a scattering of popular names at Carlisle, including such names as Abe Lincoln and David Copperfield.

Tells Court Bank Owes Him That Sum Since 1895.

St. Louis.—A claim of 20 cents against the Mullanphy bank was presented in Circuit Judge Kinney's court by Gottlieb Kling, who declared that the money had been due him since the bank went into the hands of a receiver in 1895.

United States Senator Stone, receiver for the bank, was present to listen to claims presented in order to make a final settlement. Three claimants appeared. They were Kling, Mrs. Christina Meyer, who claimed \$3.92, and Mrs. Mary Schwartz, who claimed \$62.08.

# ACTIVE CAREER ENDED DEATH ANGEL SUMMONS HON. HUMPHREY JONES

Lawyer, Capitalist, Landowner and Man of Large Affairs Died at Grant Hospital, Columbus, This Morning.

HAD APPARENTLY RALLIED FROM OPERATION SATURDAY

Large Business Interests Will Not Be Inconvenienced By Death as Arrangements Providing for Contingency Were Long Since Made.

With an unexpectedness that was stunning, in the gray dawn of Monday morning, the wires brought the news from Columbus to this city and to his home in Bloomingburg that Hon. Humphrey Jones had answered the eternal summons, at Grant Hospital, his death at 3:20 a. m. Monday following an operation performed Saturday noon.

For the past two years Mr. Jones has been in poor health, a very painful stomach trouble demanding the operation of Saturday. He seemed to rally from it nicely and on Sunday was his usual cheerful self, seeing his friends and thought to be on the high road to recovery.

His wife and sister, Dr. Emma Jones McCormick of Columbus, were with him during the operation and to the end.

In the death of Mr. Jones Fayette county and her county seat loses one of her most prominent and widely known residents. A lawyer noted for his remarkable mental acumen and a man who attained wide recognition in his profession; a well known banker, capitalist and landowner, who reaped the reward of his mental qualifications and steady application to business in rounding out a most successful business career, in the esteem of the community.

Mr. Jones owned 3,000 acres of land in this county, probably 2,000 in Indiana and 1,600 to 1,800 acres in Logan county and has been one of Fayette county's foremost farmers in improving methods of farming and stock feeding. Some fourteen years ago he conceived the idea of building silos for use in stock feeding operations and erected several very large concrete silos on his lands. These silos are believed to be the first in the United States built on any considerable scale for feeding purposes.

Mr. Jones has also been a strong advocate of thorough tile ditching and soil rebuilding, greatly increas-

ing the productiveness of his farms. He was one of the largest stock holders in the P. & D. Bank and served efficiently as its president since its reorganization in 1895.

Always taking an active interest in public affairs, Mr. Jones was politically very independent in thought and action.

He was a member of the Ohio Constitutional Convention of 1912, and one of the most prominent members of that body, taking an active part in all of the important deliberations. He was active in debate and regarded as one of the leaders and most influential figures.

It was in connection with the proposal to amend the Ohio constitution so as to permit the enactment

of a land registration law that Mr. Jones was particularly active. The adoption of that amendment by the convention, in face of vigorous opposition of large title guarantee companies, was attributable, in a great measure, to Mr. Jones' activities and logic in debate. In the campaign which followed he was also an active participant, traveling to all parts of the state and meeting with the commercial organizations of the larger cities. After the adoption of the amendment by the voters, came the task of preparing the law and urging its adoption by the legislature. The enactment by the legislature of Ohio in 1913 of the "Torrens Land Title Law" was the culmination of Mr. Jones' activities in behalf of a simpler method of recording and transferring title to real estate.

Later, during the last session of the legislature, Mr. Jones was called upon to defend the law against attack of those who were determined to secure its repeal. Again he was successful.

There is no doubt that the tremendous labors performed by Mr. Jones in behalf of the law from the beginning to the end was a great strain upon his weakened condition.

Mr. Jones was of Welsh descent, born in 1857, and reared on the paternal homestead near Jeffersonville. He was admitted to the bar after two years' study in the law office of the late Hon. Mills Gardner.

In 1888 Mr. Jones was united in marriage to Miss Laura B. Willis, of Bloomingburg, who survives him. He also leaves two brothers, Wm. Jones of Sullivan, Ind., Cary Jones of London; and three sisters, Dr. Emma McCormick of Columbus; Mrs. Luther M. Irwin and Mrs. Dallas Reading of Jeffersonville.

Mr. Jones was a member of the F. & A. M. lodge and of the K. of P. lodge of Bloomingburg and of the Washington B. P. O. E. No. 129.

Although Mr. Jones was too devoted to business interests to enjoy much social life, he was always markedly genial and cordial with his friends. He was a great lover of music and himself handled the violin with much skill, having a collection of fine old violins which he treasured.

The remains arrive from Columbus at the home in Bloomingburg Monday evening on the 6 o'clock train, accompanied by Mrs. Jones, Dr. McCormick and Mr. Wm. Jones of Sullivan, Ind.

Realizing for several years his serious condition, Mr. Jones, with a thoroughness characteristic of his whole successful life, made complete and detailed arrangements which will prevent any inconvenience to any of the large business interests with which he was identified.

Funeral arrangements have not yet been decided upon; announcement will be made tomorrow.

HON. HUMPHREY JONES.  
Lawyer, Capitalist, Landowner, is Dead.

## BARNS BURN DURING NIGHT

Large Barn Filled With Hay, Destroyed on the Ad Duff Farm, East of This City, and Another Owned By Joe Woods on Jamestown Pike.

Two large barns within a few miles of this city, fell prey to the fire fiend during Sunday night. A barn on the Ad. Duff farm on the Hess road in Marion township burning about 9:00 p. m., and another on the Joe Woods farm on the Jamestown pike, burning early Monday morning.

The barn on the Duff farm contained a large quantity of hay, harness and grain. A horse and two buggies owned by Ira Clemens, who resides on the Duff farm, comprised the only property rescued. The fire was of mysterious origin, but one theory is that a spark from the chimney of the residence was carried to the barn by the strong wind which was blowing at the time.

A barn on the same foundation was burned to the ground some seven years ago. The structure which burned Sunday night was insured, but the loss will greatly exceed the insurance. The owner of the barn, who has been ill of pneumonia for sometime, was unconscious at the time the structure burned.

The barn owned by Mr. Wood caught fire just before daylight Monday morning, and was quickly destroyed, the wind fanning the flames furiously.

## ELOQUENT SERMONS LAUNCH CAMPAIGN

The evangelistic campaign of the First Baptist church was splendidly launched Sunday, with large congregations at both morning and evening services.

Dr. Wm. J. Cambron is a truly remarkable speaker, combining scholarship with spirituality and force. At both services he proved his rare ability and held his audiences in rapt attention.

The morning sermon was a magnificent effort on the subject "Christ Seeking."

The evening theme was "Incidentals and Essentials." Let man look after the incidentals, God will take care of the essentials; man look after the natural, God will look after the supernatural.

The son, "Billy" Cambron, was greatly enjoyed as song leader and fine baritone soloist.

The illustrations were particularly apt and forceful.

Services will be continued each night this week.

## COLLAR BONE BROKEN IN ACCIDENT

Starting home from the M. E. church in Good Hope Sunday night, in a storm buggy, Mr. John King, Dwight Winkle and Eldrid McKinney collided with a buggy coming from the opposite direction. Mr. King saw the buggy coming and turned out as far as possible, but the street was very dark and the occupants of the other buggy failed to see Mr. King's rig.

The shaft of the King buggy caught in the shaft of the other buggy, overturning the storm front. Mr. King escaped unhurt, but young Winkle, son of Mr. Elias Winkle, suffered a broken collar bone and Eldrid McKinney a cut on the forehead.

Both buggies were slightly damaged.

## ANTI-HORSE THIEF ASSOCIATION ELECTS OFFICERS FOR YEAR

At the regular annual meeting of the Fayette County Anti-Horse Thief Association, Saturday at the Memorial Hall, the following officers were chosen for 1916:

President, Frank E. Haines; vice president, A. W. Clouser; secretary, J. M. Hartman; treasurer, Elba Wilson; trustees, Tasso Post, Clark Post, Frank James, A. C. West, E. S. Seibern.

The association has had several cases of thievery the past year and has been very successful in their capture. As they have plenty of money in their treasury the dues were remitted for 1916. They also raised the amount of reward to be offered of for capture and conviction of thieves other than horse thieves to \$50. They now have nearly 200 members and are doing good work in ridding the county of thieves. Every farmer in Fayette county should belong.

## MRS. THOS. LEACH BURIED MONDAY

Mrs. Thomas Leach, mother of Mr. John Leach, and Mrs. Cory of this city, died Saturday at her home near Xenia and was buried in the family lot at the Milledgeville cemetery Monday morning.

Mr. and Mrs. John Leach were called to Xenia the last of the week, remaining for the services.

## FINE RETURNED TO THE DOCTOR

The fine of \$13.90 assessed by Mayor Oster against Dr. Woodmansee, for having his machine standing in front of his office with no tail light burning, was returned to Dr. Woodmansee's attorney, J. D. Post, Saturday night.

Attorney Post asked for a return of the fine when he found no record of a charge having been made against the accused.

## JIMTOWN CRACKS HERE WEDNESDAY

The crack Jamestown representative basketball five is due here for a game Wednesday night, against the local Y. M. C. A. squad at the "Y" gym.

The Jimtown bunch has a record not unknown to local fans, but those who saw the Washington team lay it over the Springfield Triangles a week ago to the tune of 42 to 23, are disposed to think that the Greene county aggregation is up against the real thing.

The local team will be selected from the following list: Schlabaeh, Hayes, Johnson, Peterson, Kier, Hard, Garber, H. Smith, P. Smith.

## OHIO'S GREAT NEED SHOWN IN LECTURE

Dr. Robert Pugh, secretary of the Home Mission Board of Ohio, gave insight into the wonderful opportunities and needs of this great field in two interesting addresses at the Presbyterian church Sunday.

The church was crowded in the evening, when Dr. Pugh illustrated his lecture with stereopticon views, using the machine that was the gift of the Presbyterian Sunday school of this city last year. John Crayton, Griffith operated the machine.

These views, showing foreign settlements and the conditions in large and small cities as well as rural communities, made doubly clear the call for Home Mission work in this state.

## HIP BROKEN WHEN HORSE FRIGHTENS

George Ackley, of this city, was seriously injured while driving along Water street, Sunday morning, when his horse took fright at an automobile and leaped over the embankment, overturning the cart upon which the man was riding.

Mr. Ackley was rushed to the Fayette Hospital, where it was found that he had sustained a fractured hip. He later was removed to his home, and has been suffering greatly from the injuries.

## DRAIS IS GIVEN SEVERE DRUBBING

According to information from Derby, Roy Drais, formerly of this county, was given a very serious drubbing by a crowd of "friends" Saturday night, because, it is alleged, Drais had passed several worthless checks upon members of the crowd and they pummeled him so unmercifully that Drais is said to be confined to his bed at the present time.

He suffered gashes about the head and face and was pummeled until his face and body were badly bruised. It is understood that arrests will be made.

## BAR MEETS AND NAMES COMMITTEES

The Fayette County Bar met in the Common Pleas Court room, Monday afternoon at one thirty o'clock, and committees were named on arrangements for the funeral of Hon. Humphrey Jones, one of the leading members of the Fayette Bar, and another committee was named to draw up resolutions on the loss of Mr. Jones from the Bar.

Attorneys Post, Maddox and Chaffin were appointed committee on arrangements, and Attorneys Bush, Rogers, Hitchcock, Nye Gregg and Creamer, the committee on resolutions.

The last named committee is to report at a meeting Tuesday afternoon.

## UMBRELLA PRESENTED TO HEAD OF CLASS

As an indication of the deep regard entertained by the men of the Mills Gardner Men's Bible Class of Grace church, for the president of the class, Judge T. N. Craig, who recently was chosen superintendent of the Sunday school, a handsome umbrella was presented to Judge Craig, at the Sunday morning session of the class.

Attorney W. B. Rogers, in a very neat speech, tendered the gift, and Judge Craig replied in words of appreciation and thanks.

# ALLIES RETIRE WITHOUT LOSS

Abandon Campaign Against the Dardanelles.

## ALL POSITIONS EVACUATED

One Hundred and Fifty Thousand Men Killed or Wounded in the Futile Attempt to Force the Straits. Turks Report Disaster to the Anglo-French Troops—Germans Regain Positions in the Vosges.

London, Jan. 10.—It is officially announced that the campaign against the Dardanelles has been abandoned. The position at the tip of the Gallipoli peninsula which were retained when the British troops left Suvla bay and Anzac cove on Dec. 19 have now been evacuated. Not a British or French soldier now remains on the peninsula, where more than 150,000 allied soldiers were killed or wounded since April last in futile attempts to force the Turkish lines.

The evacuation of the last allied positions was effected, according to the official announcement, with the loss of one British soldier wounded, the French suffering no casualties. This appears to have been an even more remarkable exploit than withdrawal from the Suvla bay and Anzac positions, where the official statement

said the losses incurred were "insignificant."

Renewed activity of various kinds noted by the Turkish official communications in the past few weeks, has presumably been in the nature of preparations for the final act of the Dardanelles tragedy. The Turkish official report covering the period from Thursday to Saturday, records increasing effectiveness of the reinforced Turkish batteries, which have been drawing in and concentrating on the allies' remaining positions.

According to Turkish reports the Turks compelled the abandonment of the allied positions after a violent battle in which the British suffered great losses. Reuter's correspondent at Amsterdam forwards a semi-official report from Constantinople saying that the Turks claim the capture of a great enemy camp and nine guns and the sinking of an enemy vessel with troops.

On the west and east fronts there have been no reports of large developments. The German communication says that the Germans have completed the recapture of positions on Hartmanns Weller Kopf, taken by the French a few days before Christmas. Nearly 2,000 prisoners and fifteen machine guns were taken.

Greek correspondents continue to assert that the Bulgarians and Germans are hastening plans for an attack on Salonica. But the Austrians are fighting hard against the Russians and Montenegrins, and the Bulgarians are largely occupied in a resolute attempt to reach the Adriatic, from which they are only forty miles distant, at El Bassan, Albania.

## SIX DIRECTORS SET FREE FIVE ARE STILL RETAINED

No Agreement on Cases of Five New Haven Officials.

New York, Jan. 10.—The federal jury which for nearly three months heard the evidence for and against the eleven former directors of the New York, New Haven and Hartford railroad, who were charged by the government with conspiracy to monopolize New England's transportation facilities, rendered a split verdict after fifty-one hours' deliberation.

Six of the defendants were acquitted. The jury could not agree upon a verdict in the cases of the other five. Judge William H. Hunt accepted the findings that way and discharged the jurors. The six who were acquitted were: D. Newton Barney of Farmington, Conn.; Robert W. Taft of Providence, R. I.; James S. Hemingway of New Haven, Conn.; Judge A. Heaton Robertson of New Haven, Conn.; Frederick F. Brewster of New Haven, Conn.; and Henry K. McHarg of Stamford, Conn.

The five on whose cases the jury

could not agree were: William Rockefeller, Charles F. Brooker of Ansonia, Conn.; Charles M. Pratt of Brooklyn, Lewis Cass Ledyard and Edward D. Robbins.

All of the defendants except William Rockefeller and Henry K. McHarg were in court when the verdict was announced. Judge Hunt formally ordered the discharge of the acquitted ex-directors. It is the announced intention of the government to move the other five cases for trial as soon as possible.

### Nelson Won the Elgin Marbles.

Lord Elgin, whose name has become so inseparably associated with the famous sculptures, never saw them in their original places in the Parthenon. He employed artists to make him drawings of the sculptures, and it was they who urged him to have the wonderful relics of ancient Greece removed to England to save them from destruction. Elgin repeatedly appealed to the porte for permission to remove them, but the request was refused until Trafalgar. As soon as he heard of Nelson's victory the sultan said, "You may take them now as soon as you please."—London Mirror.

## AGREEMENT NOW SEEMS TO BE LIKELY

Central Powers and United States Getting Together.

Washington, Jan. 10.—Convinced of the good faith of both Germany and Austria in their willingness to keep their submarine warfare within the bounds of international law, state department officials expressed confidence that within a reasonably short time Germany will make the final move necessary for a complete settlement of the Lusitania issue.

This settlement is expected to embrace what the United States can accept as a disavowal of the attack on the Cunard liner, as well as an agreement for the payment of a money indemnity for the 110 American lives lost when the vessel was sunk.

The state department is still lacking evidence necessary to prove that the British liner Persia was attacked by a submarine and is now awaiting the outcome of the official inquiries which the German and Austrian governments are making of their submarine commanders in the Mediterranean. Unless these investigations show that a German or Austrian submarine was responsible, the American government will be compelled to give up any further attempt to seek satisfaction in this case.

With the submarine controversy well on the way to amicable adjustment, as American officials see it, the state department may now proceed to take up aggressively the various grievances which the United States holds against Great Britain and her allies for what is regarded by this country as unwarranted interference with American trade.

## ANOTHER DUPONT PLANT WRECKED

Philadelphia, Jan. 10.—Bolcher's plant of the Dupont powder works at Carneys Point, N. J., exploded early today. The flash of the explosion was seen in this city and its force rocked many sections of Philadelphia. The shifts of working men were changing at the plant when there was a flash that shot into the air 100 feet. Employees of the plant who reached Wilmington about an hour after the explosion said the explosion occurred in the blending tower of plant No. 3, a structure in which the powder is blended. Police say forty-two men are missing.

## LITTLE EASY?

Washington, Jan. 10.—The Chamber of Commerce of the United States made public an important statement by Attorney General Gregory as to the future policy of the department of justice in regard to the enforcement of the anti-trust laws. The most important point in the statement is the assurance which the attorney general gives that in cases where persons have entered into a transaction in good faith, believing it to be lawful, and later are accused of violating the law, the department will not invoke "extra penalties" against them. The attorney general contends that this has been the policy of the department. He seems to indicate that in cases as to which both his department and the federal trade commission have jurisdiction, such as those arising under the Clayton act, the department will await the conclusion of the commission's proceedings as to any matters in which the commission's jurisdiction is first invoked.

## NEW RULE ADOPTED IN BRITAIN

London, Jan. 10.—At Beardmore's armament plant on the Clyde, a workman named Logan, employed on the plant, caused a disturbance because he had to wait for an hour for his wages and was dismissed. His dismissal and the refusal of Beardmore's to reinstate him was the signal for a number of workmen to walk out. All arguments of patriotism were of no avail with the men. Twenty-eight strikers were fined \$25 each under the munitions act for "unlawfully ceasing work."

## MRS. BRYAN SUPPORTS THE PRESIDENT'S PLANS

Washington, Jan. 10.—At a meeting of the Woman's National Democratic league, of which Mrs. William J. ## REPUBLICAN AID MAY BE REQUIRED

Sixty Democrats Opposed to the Defense Bills.

THREATENED WITH DEFEAT

No Speech Yet Made by Administration Leader in Either House or Senate in Support of the Preparedness Program—Opponents on the Other Hand Are Active and Alert—White House Conference Likely.

Washington, Jan. 10.—President Wilson and his advisers are now alive to the fact that it will require all the power of the administration, supplemented by Republican support, to pass the preparedness program through congress, and there is danger of failure in regard to the army even then. Foreign complications involving the United States have tended to obscure the developments in the preparedness issue, but administration leaders have decided now that a strong public campaign must be undertaken and no time lost in combatting the attacks that are being made on the president's program.

This congress came into being on Dec. 6, yet no progress has been made on the defense bills. Also no consideration has been given to measures to raise revenues to defray the cost of army and navy expansion that the president insists is imperative.

It is rather significant that all speeches on the subject of defense de-

livered thus far this session by house Democrats have been harshly critical of the president's program. Significance also is attached to the fact that up to date no administration leader in house or senate has taken the pains to make a speech in support of the program or to reply to the party critics who have assailed it.

It is now known by everybody in the house, where defense bills are to be originated, that the president will have to depend on Republican votes to put his program through that body. Prediction is made that approximately sixty Democrats will desert the administration on this proposition. As the Democrats now only have a majority of twenty-five in the house it will thus be seen that the administration would be compelled to steer a course that will assure the support of a considerable number of Republicans.

The Democratic opponents of the defense bills have been active and alert from the beginning of the session, whereas the supposed supporters of the administration's program have been singularly passive and diffident.

In its endeavors to push the defense bills through congress, the administration is undoubtedly handicapped by the attitude of the responsible Democratic leaders in the two houses. Mr. Kitchin is an out and out opponent of preparedness as advocated by the president, while Senator Kern, the senate leader, is a critic of the policy and will lend no help to the administration in this emergency.

There is good reason to believe that a conference will be held at the White House in the near future to advise ways and means to put the defense bills through the house as expeditiously as possible.

## TAFT COMMENDS "JOHNNY" LOSES ANOTHER BATTLER

New Haven, Conn., Jan. 10.—Ex-President Taft, in a formal statement, makes the point that the representatives of the business interests of the country are giving their support to the proposals of the League to Enforce Peace, of which he is president. Mr. Taft also commends the idea of a league of American republics, which was put forth last week at the Pan-American congress as one which looks toward the creation of a world-wide league of nations, such as is contemplated by the Taft league.

## CIGAR SMOKE COST \$450.

Received it From a Strange Man and Then Was Robbed.

Muncie, Ind.—The most expensive cigar that Joseph Cegielka, a Muncie Roumanian, ever smoked cost him exactly \$450, according to his story as related to the police.

A man giving his name as John Adams was the cause. The two met at the boarding house of Mrs. Martha Jones. According to Mrs. Jones the men were in the same room in her place for an hour or more.

Finally Adams left the house alone. Eventually Cegielka reported to the police that he had been robbed of \$450 after having smoked a cigar given him by Adams. The police believe the cigar was "doped."

## BARGER MAY SURRENDER HIS OFFICE

At an executive session of the Fayette County Bar, held in the common pleas court room Monday afternoon, it is understood that the committee recently named to investigate charges of immoral conduct on the part of Attorney T. L. Barger, reported that Barger was willing to surrender his office as City Solicitor and leave this part of the country, providing the Bar take no further action toward disbarment.

It is further understood that an expression of the various members of the Bar, and that the consensus of opinion was favorable to accepting the proposal.

Barger intends going south, it is claimed.

#### An Impartial Student.

We were walking through the apartments of his excellency Mr. Samarth, the prime minister of the gaeikwar of Baroda, about two years ago, and noticed an open Bible on a table at the head of the prime minister's bed. I asked why he, a devout Hindu, was interested in the Bible. He replied: "I spend a half hour each day reading this book along with the sacred book of Hinduism. I have found it one of the greatest influences in developing my intellectual as well as my spiritual life. You may be interested to know," he continued, "that the educated men of India know the Bible, as a rule, quite as well as they know any one of their own sacred classics."—Christian Herald.

#### More Lovable.

Two peevish old dames were sent over to inspect a Red Cross hospital in France. They came back and reported that a black cat was kept as a pet in the institute. The head of the hospital was written to about it and replied: "The black cat is the Tommies' mascot, and they're fond of her—a lot fonder than they were of the two old cats you sent out here to inspect us."—Chicago Herald.

#### a better life.

Rev. D. B. Willhite spoke on "The Ways of the World," a sermon directed particularly to the laboring people. Mr. J. W. Troy, of Chicago, Ill., has charge of the singing, and is organizing a chorus of 200 to 300 voices.

Many of those in attendance had not been inside a church for years, it is claimed. Deep interest was manifested in the services, and Rev. Willhite predicts splendid results for the series of meetings.

"Three Classes in the Church" will be the theme of Rev. Willhite in his sermon tonight at 7:30 o'clock.

## MORE BODIES ARE RECOVERED

By Associated Press.  
Parkersburg, W. Va., January 10.—Three bodies were recovered today from the stateroom of the Ohio river packet Kanawha, which sank near here last Wednesday night.

Two were identified as Mrs. E. C. Atkinson and Mrs. Ulysses Beegle, of Racine, O.

The other body, also that of a woman, is so far unidentified.

The search of the wreck will probably be completed today.

## COTTON MEN OPPOSE BILL

By Associated Press.  
Washington, January 10.—Representatives of Southern cotton mills appeared before the House Labor Committee today, to oppose the Keating-Owen bill to prevent interstate shipment of goods manufactured with the aid of child labor.

#### SOME IMPORTED WORDS.

Their Use Here and Their Meanings in Their Native Land.

You are so familiar with those three imported words, chauffeur, tonneau and limousine, that it would never occur to you to ask whether they really apply to the objects which they have been made to describe.

You know that a chauffeur is the man who is hired to drive a motorcar. The mere driving of the car is not the thing which gives the name its significance, for it does not apply to the owner of the car when he drives. In like manner you know that the tonneau is the part of the machine which is behind the driver's seat and accommodates three or five persons. When the possessor of an automobile is sufficiently opulent he has a limousine body for winter use, and probably it is electric heated and has a bunch of fresh flowers in the wall vase every morning. To these three vocables, with their smell of greenbacks and their rattle of silks, we might add another, even more suggestive of the expenditure of money, the word "hangar," which was dragged into the language when the gilded youth wearied of sixty horsepower speed and took to the air.

Would you be shocked to learn that a hangar, in rural France, where aeroplanes are almost unknown, is nothing but a shed for the farm cart? And what of the chauffeur? The high school girl was horrified to find, by consulting her dictionary, that he was either a fireman or a braggart. Almost as disconcerting was the revelation that a "tonneau" was nothing but a vat or tub. But the cruellest blow of all fell when the limousine was shown up as rough goatskin, worn by peasants near Limoges.—St. Louis Globe-Democrat.

## MRS. ASQUITH AND LADY HAIG ACTIVE

Husbands' Elevation to High Positions Accredited to Them.

HAVE GREAT INFLUENCE.

Great Britain Prime Minister's Wife of Material Assistance to Him, and She is Probably Most Influential Woman in English Politics—Lady Haig Also Powerful.

London.—Two women, Mrs. Asquith and Lady Haig, are playing an active part in Great Britain's politics. To their work is accredited the elevation of their husbands to high positions. The action brought by Mrs. Asquith, the wife of the prime minister, against the London Globe to restrain its editor from publishing any more letters from its readers indirectly referring to her as a friend of German prisoners of war interned in Donnington Hall had much more behind it than the extremely courageous action of an independent and fearless woman.

The prime minister's wife is probably the most influential woman in English politics in modern days. The late Duchess of Devonshire, the "Double Duchess," as she was called because she captured two ducal titles in succession, that of the seventh holder of the Manchester title and the eighth of Devonshire, could perhaps have had greater political power if she could have persuaded the indolent Duke of Devonshire to accept the office of prime minister. Mrs. Asquith, on the other hand, is commonly believed to have materially assisted her husband to this high office. His enemies have always been legion and his friends not numerous, his character being that of the serious Scotsman who forms emotional ties with difficulty.

Mrs. Asquith, brilliant, witty, temperamental and intellectual and invariably entertaining, has supplied this deficiency and by her tact and charm she has kept unimpaired many political friendships useful to her husband. The withdrawal of the British forces from the Gallipoli peninsula is credited to Mrs. Asquith's advice, coupled with the recommendation of Major General C. C. Monro, who succeeded General Sir Ian Hamilton as commander at the Dardanelles, which was made public in the house of lords by Lord Ribblesdale, Mrs. Asquith's brother-in-law.

Lady Haig, the wife of General Sir Douglas Haig, who has taken over the command of the British troops in

France as the successor of Field Marshal Viscount French, is credited with having exerted great influence toward her husband's advancement in the army. She was the Hon. Maid Vivian, one of the "Vivian twins," who were famous as maids of honor to Queen Victoria and Queen Alexandra. Before his marriage to Miss Vivian ten years ago Haig was a favorite with General French, having served under French at Aldershot and then accompanying him to South Africa during the Boer war. Whatever French has been able to do for Haig has been done, but his present high command is the result more of the influence at court of Lady Haig, and Lord Kitchener has been persuaded by royalty's desires to advance the man most favored by his old enemy, General French. Sir Douglas Haig was promoted to be a full general only a year ago, although he

had held the post as chief of staff in India for some years, having won it through the influence of King Edward and Queen Alexandra.

Sir Douglas and Lady Haig have not taken any particular pains to assume any leadership in London society since their marriage and have not kept up a London residence during visits home from India, spending their time at Aldershot, where Haig earned the nickname of "Von Haig" on account of his Prussian thoroughness in military matters and his stern way of handling subordinates. He and Lady Haig have two children, daughters, named after the two queens whom Lady Haig served—Alexandra Henrietta Louise, born in 1907, and Victoria Doris Rachel, born in 1908.
